

HUD's Healthy Homes Demonstration Grantees

HUD Healthy Homes Initiative (HHI) Grants Reduce Health and Safety Risks to Children in Low-Income Housing

The HHI Grant Program

HUD's Healthy Homes Initiative (HHI) was established by Congress in 1999 to "develop and implement a program of research and demonstration projects that would address multiple housing-related problems affecting the health of children."

FY 2005

HUD awarded \$5.9 million in 6 Demonstration grants.

FY2004

HUD awarded \$6.7 million in 7 Demonstration grants.

FY 2003

HUD awarded \$5.9 million in 7 Demonstration grants.

FY 2002

HUD awarded \$5.9 million in 9 Demonstration grants.

FY 2001

HUD awarded \$4.3 million in 6 Demonstration grants and \$1.6 million in 2 Education grants.

FY 2000

HUD awarded \$2.2 million in 3 Demonstration grants and \$3.0 million in 3 Education grants.

FY 1999

HUD awarded \$4.2 million in 4 Demonstration grants and \$4 million in 2 Mold and Moisture Control grants.

HH Demonstration and Education Grants

HUD has awarded 42 demonstration grants for developing, demonstrating, and promoting cost effective methods to correct multiple safety and health hazards in housing. Five education grants have supported the dissemination of information about housing-related hazards and interventions for these hazards.
