Sustainable Communities Regional Planning Grants
TIGER II/Community Challenge Planning Grants

	Sustainable Communities Regional Planning Grant (SCRPG) NOFA	TIGER II/Community Challenge Planning Grant (CCPG) NOFA
Purpose of Program	<ul style="list-style-type: none"> ✓ Support metropolitan and multijurisdictional planning efforts that integrate housing, land use, economic and workforce development, transportation, and infrastructure investments in a manner that empowers jurisdictions to consider the interdependent challenges of 1) economic competitiveness and revitalization; 2) social equity, inclusion, and access to opportunity; 3) energy use and climate change; and 4) public health and environmental impact. ✓ The program translates the Livability Principles into strategies that direct long-term development and reinvestment, address issues of regional significance, and engage stakeholders and citizens in meaningful decision-making roles. 	<ul style="list-style-type: none"> ✓ DOT and HUD decided to issue joint NOFA for the TIGER II Planning Grant And Community Challenge Planning Grant (CCPG) Programs in order to better align transportation, housing, economic development, and land use planning and to improve linkages between DOT and HUD’s programs. ✓ The TIGER II Planning Grant Program will fund the planning, preparation or design of surface transportation projects that would be eligible for funding under the TIGER II Discretionary Grant program. HUD’s funding is designed to target housing, economic development, and land use planning strategies that will increase the efficiency and effectiveness of a related transportation project being planned.
Eligible Applicants	<ul style="list-style-type: none"> ✓ In Metropolitan and Micropolitan Statistical Areas, a consortium consisting, at a minimum, of: <ul style="list-style-type: none"> a. The traditional principal city (or cities if more than one) located within the boundaries of the region if the region is within a Metropolitan Statistical Area; b. The city, county, or any other unit of general local government with the largest population located within the region if different from (a) or if in a Micropolitan Statistical Area; c. Additional cities, counties, or units of general local government and Indian Tribes that will ensure that the consortium represents no less than 50 percent of the population residing within the region; d. The MPO, or the regional planning agency that facilitates planning and associated management activities for the geography represented by the applicant, or if the region has multiple MPOs, all MPOs that have jurisdiction within the designated region; and, e. A non-profit organization, foundation, or educational institution within the region that has the capacity to engage a diverse representation of the general population, and the ability to work in partnership with the units of general local government and the MPO or MPOs comprising a consortium to 	<ul style="list-style-type: none"> ✓ State and local governments, including U.S. territories, tribal governments, transit agencies, port authorities, metropolitan planning organizations (MPOs), other political subdivisions of State or local governments, and multi-State or multijurisdictional groupings.

	<p>advance the program objectives of the Sustainable Communities Planning Grant Program.</p> <p>✓ In a non-defined area (an area outside the boundaries of a Metropolitan and Micropolitan Statistical Area), a consortium consisting of:</p> <p>a. Cities, counties, or units of general local government and Indian Tribes representing at least 50 percent of the population residing within the region; and</p> <p>b. If such an organization exists within the boundaries of the region, a Rural Planning Organization or Council of Governments.</p> <p>c. A non-profit organization, foundation, or educational institution within the region that has to engage a diverse representation of the general population, and the ability to work in partnership with the units of general local government to advance the program objectives of the SCRPG program.</p>	
Eligible Activities	<p>1. Establish coordinated intergovernmental planning and secure agreements among jurisdictions, regional planning units, State government, public authorities, special districts, and related public and private entities to support the goals of the Sustainable Communities Program;</p> <p>2. Develop a comprehensive Regional Plan for Sustainable Development, which serves as a guide for local, regional, and state governmental policies and investments that will integrate existing or emergent land use plans, such as consolidated plans, asset management plans, long-range transportation plans, sewer, water, and stormwater, coastal protection, air and water quality plans, open space plans, food production and distribution plans, environmental conservation elements, pre-disaster mitigation plans, climate change impact assessments, energy reduction strategies, economic development plans, and long-range housing plans. At a minimum, the RPSD should explain how the consortium will:</p> <p>✓ <i>Adopt a housing plan</i> that ensures that the full range of existing and projected housing need by type and tenure that is affordable to all ranges of family income is identified throughout the region, including an assessment of the need for affordable housing that is accessible to persons with disabilities.</p> <p>✓ <i>Incorporate equity and fair housing analysis into regional planning</i> through the development of a regional analysis of impediments to fair housing choice.</p> <p>✓ <i>Advance regional transportation planning</i> and the</p>	<p>✓ CCPG applicants: Activities related to the following:</p> <ul style="list-style-type: none"> • Revisions to master plans or comprehensive plans that promote affordable housing co-located and/or well connected with retail and business development and discourage development not aligned with sustainable transportation plans or disaster mitigation analyses; • Development of local, corridor or district plans and strategies that promote livability and sustainability; • Revisions to zoning codes, ordinances, building standards, or other laws to remove barriers and promote sustainable and mixed-use development and to overcome the effects of impediments to fair housing choice in local zoning codes and other land use laws, including form-based codes and inclusionary zoning ordinances to promote accessible, permanently affordable housing that reduces racial and poverty housing concentration and expands fair housing choice for low-income minorities; • Revisions to building codes to promote the energy efficient rehabilitation of older structures in order to create affordable and healthy housing; • Strategies for creating or preserving affordable housing for low-, very low-, and extremely low-income families or individuals in mixed-income, mixed-use neighborhoods along an existing or planned transit corridor; • Strategies to bring additional affordable housing to areas that have few affordable housing opportunities and are close to suburban job clusters; and • Planning, establishing, and maintaining acquisition funds and/or land banks for development, redevelopment, and revitalization that reserve property for the development of affordable housing

	<p>development of transportation networks including the expansion of transportation choices, including quality bus service, street cars, light rail, regional rail, ridesharing, express bus lanes, shuttle services, complete streets, bicycle and pedestrian pathways, and programs that offer alternatives to driving alone, such as rideshare or public transit incentives.</p> <p>✓ <i>Advance water infrastructure planning</i> to ensure that investments in drinking water, wastewater and stormwater systems support the sustainability of the community and can be sustained by the community over the long term</p> <p>✓ <i>Perform environmental planning</i> that includes environmental review systems to evaluate the impact of land use decisions, strategies to avoid adverse environmental impacts on neighborhoods through the careful planning and siting of housing and community facilities, methods to prevent undue damage, unwise use, or unwarranted consumption of natural resources, strategies to mimic natural systems within the built environment so as to minimize environmental impacts.</p> <p>✓ <i>Plan for economic development activities</i> that stimulate the regional economy and create jobs, including the creation or expansion of existing commercial and industrial centers.</p> <p>✓ <i>Conduct scenario planning</i> that allows the RPSD to project a variety of economic growth possibilities and anticipate responses to each of them.</p> <p>✓ <i>Conduct comprehensive climate change impacts assessments</i> to guide regional planning and implementation strategies. Assessments may comprehensively evaluate a range of likely climate change impacts or may focus on an impact area of special concern in the region (e.g.: sea level rise, or reduced water availability). Findings from climate impact assessments should be used as a basis for defining adaptation actions to be implemented in appropriate plans and strategies.</p>	<p>within the context of sustainable development.</p> <p>✓ TIGER II applicants: Activities related to the planning, preparation or design of surface transportation projects, including, but not limited to:</p> <ul style="list-style-type: none"> • Highway or bridge projects eligible under Title 23, United States Code; • Public transportation projects eligible under Chapter 53 of Title 49, United States Code; • Passenger and freight rail transportation projects; and • Port infrastructure investments. <p><i>Combined TIGER II Planning Grant/CCPG applicants: To the extent that an application has a project that has linked activities and would benefit from funding and associated activities in both DOT and HUD programs, applicants should indicate that in their application and the agencies may bother award funding to the project under their own respective program. However, only one application per project will be accepted.</i></p>
<p>Match and/or Leveraging Requirement</p>	<p>✓ Matching funds are not required. However, applicants must provide 20 percent of the requested funding amount in leveraged resources in the form of cash and/or verified in-kind contributions or a combination of these sources. Additional leverage is encouraged. Successful applicants must have the required amount of leveraged resources (the initial 20 percent) at the time of signing the cooperative agreement. In-kind contributions may be in the form of staff time,</p>	<p>✓ For those seeking TIGER II Planning Grants, a 20 percent non-federal match is required, whether such funds are contributed by the public sector or the private sector. DOT will not consider funds already expended as a local match. The 20 percent matching requirement does not apply to projects in rural areas. For those seeking HUD Community Challenge Planning Grants, applicants must provide 20 percent of the requested funding amount in leveraged resources in the form of cash and/or verified in-kind</p>

	donated materials, or services.	contributions or a combination of these sources.
End Product	<ul style="list-style-type: none"> ✓ Regional Plan for Sustainable Development ✓ Detailed Execution Plans and Programs ✓ Limited Predevelopment planning activities for a catalytic project/projects central to achieving sustainability through the regional planning process. 	<p>CCPG:</p> <ul style="list-style-type: none"> ✓ Master plans or comprehensive plans that promote affordable housing co-located and/or well connected with retail and business development and discourage development not aligned with sustainable transportation plans or disaster mitigation analyses; ✓ Local, corridor or district plans and strategies that promote livability and sustainability; ✓ Revisions to zoning codes, ordinances, building standards, or other laws to remove barriers and promote sustainable and mixed-use development and to overcome the effects of impediments to fair housing choice in local zoning codes and other land use laws, including form-based codes and inclusionary zoning ordinances to promote accessible, permanently affordable housing that reduces racial and poverty housing concentration and expands fair housing choice for low-income minorities; ✓ Revisions to building codes to promote the energy efficiency and create affordable and healthy housing; ✓ Strategies for creating or preserving affordable housing for low-, very low-, and extremely low-income families or individuals in mixed-income, mixed-use neighborhoods along an existing or planned transit corridor; ✓ Strategies to bring additional affordable housing to areas that have few affordable housing opportunities and are close to suburban job clusters; and ✓ Planning, establishing, and maintaining acquisition funds and/or land banks for development, redevelopment, and revitalization that reserve property for the development of affordable housing within the context of sustainable development. <p>TIGER II:</p> <ul style="list-style-type: none"> ✓ Plans, preparation or design of surface transportation projects that would be eligible for funding under the TIGER II Discretionary Grant program.
