

**DETAILS ON RECIPIENTS OF BROWNSFIELD ECONOMIC DEVELOPMENT
INITIATIVE (BEDI) GRANTS AND SECTION 108 LOAN GUARANTEES**

California

El Cajon will receive \$450,000 of EDI funds and \$2,260,000 in Section 108 loan guarantees to finance site acquisition, cleanup and construction of a new fire station serving a lower income area. The project will offer the community an updated facility that will sufficiently house a desperately needed paramedic unit and more adequate space for newer fire fighting equipment. BEDI funds will be used for environmental hazard remediation and clearance costs. The City will use an additional \$243,000 in other public funds. This project, which will benefit an area of predominately low- and moderate-income persons, is expected to cost approximately \$2,953,000.
