

**DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**

**[Docket No. FR-5700-N-13]**

**Notice of Funding Availability (NOFA) for HUD's Fiscal Year 2013 Housing Choice**

**Voucher Family Self-Sufficiency Program**

**AGENCY:** Office of the Assistant Secretary for Public and Indian Housing, HUD.

**ACTION:** Notice of Funding Availability for HUD's Fiscal Year (FY) 2013 Housing Choice Voucher Family Self-Sufficiency (HCV FSS) Program.

**SUMMARY:** This Notice announces the availability of funding of approximately \$56.8 million for salaries of program coordinators for HUD's FY 2013 HCV FSS Program.

The objective of the FSS program is to enable participating low-income families to increase their earned income and reduce their dependency on welfare assistance and rental subsidies. Under the FSS program, low-income families are provided opportunities for education, job training, counseling and other forms of social service assistance, while living in assisted housing, so they can obtain skills necessary to achieve self-sufficiency. Public housing agencies (PHAs) that administer FSS programs enter into five-year contracts with new families on an ongoing basis. The FSS contract spells out the terms and conditions governing participation and the responsibilities of both the PHA and the family. HUD funding for coordinator salaries is awarded through annual NOFAs.

As required by the FSS statute and regulations, each FSS program reflects local needs and resources. PHAs are not permitted to limit FSS participation to those families most likely to succeed because of current education level or job history. FSS coordinators must develop an individual training and service plan for the head of each FSS family and help them obtain appropriate services. HUD is aware of the many variables facing FSS programs including local job markets, diminishing availability of services and significant barriers to employment faced by many participants. In spite of these variables, the majority of families begin to earn FSS escrow credits during the term of their FSS contracts based on increases in their earned income after entering the FSS program.

In measuring the success and effectiveness of local FSS programs, the Department takes into account not only the number of families who achieve self-sufficiency (see [24 CFR 984.103](#) for the definition of self-sufficiency), but also the number of FSS families who, as a result of participation in the program, accrue escrow, and successfully complete the program.

To ensure continuity of services to those families currently enrolled in HCV FSS, and due to the limited funding available, the Department will only fund renewal positions (i.e. positions funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs) of PHA applicants that are

currently administering the HCV FSS program that meet performance standards/thresholds established in this NOFA.

**AUTHORITY:** The Family Self-Sufficiency Program is authorized by Section 23 of the United States Housing Act of 1937. HUD's FY 2013 Notice of Funding Availability Policy Requirements and General Section (2013 General Section) posted on August 8, 2012, along with any subsequent published 2013 General Section technical corrections or supplementary information, establish threshold and other critical application submission requirements that affect this NOFA. Applicants for assistance under this NOFA are, therefore, directed to review the 2013 General Section prior to submitting an application.

## OVERVIEW INFORMATION

**A. Federal Agency Name:** Department of Housing and Urban Development, Office of Public and Indian Housing, Office of Public Housing and Voucher Programs.

**B. Funding Opportunity Title:** Housing Choice Voucher (HCV) Family Self-Sufficiency (FSS) Program Coordinators.

**C. Announcement Type:** Initial announcement.

**D. Funding Opportunity Number:** FR-5700-N-13, the OMB Approval Number is 2577-0178.

**E. Catalog of Federal Domestic Assistance (CFDA) Number(s):** 14.871, Section 8 Housing Choice Vouchers.

**F. Dates:** The application deadline date is 11:59:59 p.m. eastern time on **October 7, 2013**. Applications must be received by Grants.gov no later than 11:59:59 p.m. eastern time on the application deadline date. Please see Section IV.C of the **General Section** for timely receipt requirements and grace period information. Applicants should be aware that following receipt of their applications to Grants.gov, applications go through a validation process in which the application is either accepted or rejected. Please allow time for this process to ensure that you meet the timely receipt requirements. (NOTE: The validation system does not check to see that all attachments required by the NOFA are in the submission, or that the applicant has submitted all the required elements of the application. This is discussed further in IV.C.3. of the **General Section**. Please also note that in July 2012, the Central Contractor Registration (CCR) was converted to the System for Award Management (SAM) found at [www.SAM.gov](http://www.SAM.gov). The new SAM website incorporates requirements for CCR. Applicants must ensure that their registration in CCR was fully and successfully migrated to SAM.gov. Expired or inactive registrations will prevent applicants from submitting at Grants.gov. An applicant's inability to submit due to expired or inactive registration is not curable after the submission deadline and grace period in accordance with the General Section. See Section IV of the General Section for more information.)

**G. Additional Overview Content Information:**

1. Please read this entire NOFA carefully to ensure all threshold and eligibility requirements are met (otherwise the applicant will be ineligible for funding), and that the program requirements listed in this NOFA are followed. Application requirements **have changed** from the last NOFA. Please also note that in FY 2013, nearly identical NOFAs for the HCV FSS and Public Housing (PH) FSS programs will be published on the same day, and applications will be due on the same day. If your PHA runs both programs, you must submit **one application for each program** as in prior years.

**2. Purpose of the Program.** The purpose of the HCV FSS program is to promote the development of local strategies to coordinate the use of assistance under the HCV program with public and private resources to enable participating families to increase earned income and financial literacy, reduce or eliminate the need for welfare assistance, and make progress toward economic independence and self-sufficiency.

An FSS program coordinator ensures that program participants are linked to the supportive services they need to achieve self-sufficiency. In addition to working directly with families, an FSS Program Coordinator is responsible for building partnerships with employers and service providers in the community to help participants obtain jobs and services. FSS Program Coordinators must ensure that the services included in contracts of participation of program participants are provided on a regular, ongoing and satisfactory basis, that participants are fulfilling their responsibilities under the contracts and that FSS escrow accounts are established and properly maintained for eligible families.

PHAs are encouraged to outreach to persons with disabilities who are HCV program participants and might be interested in participating in the FSS program. PHAs are also encouraged to include agencies on their FSS Program Coordinating Committee (PCC) that work with and provide services to families with disabilities. Likewise, PHAs are encouraged to outreach to persons with limited English proficiency and to include agencies in the FSS PCC that work with and provide services to persons with limited English proficiency.

The FSS program and this FSS NOFA support the Department's strategic goal of utilizing housing as a platform for improving quality of life by helping HUD-assisted renters increase economic security and self-sufficiency. The FSS program provides critical tools that can be used by communities to help families develop new skills that will lead to economic self-sufficiency. Many families participating in FSS have achieved stable employment which has made it possible for them to become homeowners or move to other non-assisted housing.

By having an FSS coordinator whose primary responsibility is to guide and connect participants to needed training and resources, FSS participants gain access to the support they need in order to achieve their self-sufficiency goals and move up the economic ladder. Since the Department does not fund services, FSS program coordinators must obtain commitments in their communities for the services required by families.

Research suggests that the FSS program helps self-selected families to secure employment, increase wages and accumulate assets. In a study conducted by HUD's Office of Policy Development and Research, 181 FSS participant outcomes were assessed from 2005 to 2009.

The report found that during that period, program graduates were more likely to be employed and had higher incomes than non-program graduates. The average annual income for FSS graduates had increased from \$19,902 to \$33,390, while the average annual income of households who exited and were not FSS graduates only increased from \$15,551 to \$15,918.

The average escrow balance of graduates in that study was \$5,294, more than double the escrow balance of households who exited and were not FSS graduates. The first national evaluation of FSS conducted by HUD which covered the period from 1996-2000 revealed that the median income for FSS families increased 72 percent during participation in the FSS program, while a similar group of non-FSS participants' median incomes increased by only 36 percent during the same period. In addition to these studies, HUD plans to complete a rigorous evaluation by 2018 of the FSS program by controlling for self-selection, which would provide more definitive proof of the program's effectiveness.

### **3. Funding Increment Term.**

The Annual Contributions Contract (ACC) of each successful applicant will be amended to add a new one-year funding increment in the amount of the award.

**4. Coordination between Programs with Services or Service Coordination.** Any grantee located in a jurisdiction that receives multiple sources of funding (from the programs listed below) to serve the same population or geographic area should coordinate among those programs, where appropriate, so as to leverage shared resources, avoid duplication of services, and improve access and service delivery to participating families: ROSS Service Coordinators (ROSS-SC), PH FSS, HCV FSS, HOPE VI Revitalization, Choice Neighborhoods, Elderly/Disabled Service Coordinators, HUD-VASH, Family Unification Program (FUP) vouchers, Multi-Family Service Coordinators, Housing Opportunities for Persons With AIDS (HOPWA), Continuum of Care programs and/or other special use housing assistance with services or service coordination. One example of coordination is a PHA that administers both HCV FSS and PH FSS (and/or ROSS-SC) programs using a single Program Coordinating Committee. Coordination between programs should be conducted by and between program coordinators or other program management staff.

## **FULL TEXT OF ANNOUNCEMENT**

### **I. FUNDING OPPORTUNITY DESCRIPTION**

**A. Authority and Program Description.** Funding for this program is authorized by the Consolidated and Further Continuing Appropriations Act, 2013, Pub. L. No. 113-6, 127 Stat. 198, enacted March 26, 2013.

On an annual basis, HUD has provided funding to PHAs that are operating HCV FSS programs to enable those PHAs to employ program coordinators to support their HCV FSS program participants. In this FY 2013 HCV FSS Program Coordinator NOFA, HUD is again making funding available to PHAs to employ HCV FSS program coordinators for one year. HUD will accept applications from PHAs that are currently administering an HCV FSS program under a HUD-approved FSS Action Plan.

Due to the limited funding available under this NOFA, applicants will only be eligible for funding under this NOFA if they were funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs. See [Section III](#) of this NOFA for additional information on eligibility requirements, including the requirement regarding the number of families served.

State and Regional programs that operate FSS programs in administratively distinct parts of a state or region may request that the eligibility requirements be applied to each separate area where they administer an HCV FSS program of the required size. (See [Section III.A](#) of this NOFA (“Eligible Applicants”) for eligibility and [Section IV.B.1.b](#) (“Documentation for State and Regional PHAs that Administer programs in Separate, Administratively Distinct Areas”) for documentation submission requirements.)

See [Section III.C.5](#) of this NOFA for complete information on Program Requirements.

**B. Definitions.** The following definitions apply to the funding available under this NOFA.

- 1. Action Plan.** The Action Plan describes the policies and procedures of the PHA for operation of a local FSS program. For a full description of the information that the Action Plan must contain, please see [24 CFR 984.201](#).
- 2. Cap on Number of Positions** means the most recent number of HCV FSS program coordinator positions funded (i.e., number of HCV FSS program coordinator positions awarded in FY 2011 or FY 2012, as applicable) See [Section III.A.2](#) of this NOFA for more information.
- 3. Contract Administrator** means an overall grant administrator or a financial management agent (or both) that oversees the implementation of the grant and/or the financial aspects of the grant. See [Section III.C.4.b.\(1\)\(b\)](#) “Capacity to Administer the HCV FSS program (Past Performance Review)” for more information.
- 4. Contract of Participation.** See [24 CFR 984.103](#) for the definition and [984.303](#) for further information including the contract term.
- 5. Eligible Families.** HCV program participants including those assisted in units under project-based HCV contracts.
- 6. FSS Escrow Account.** See [24 CFR 984.103](#) for the definition and [984.305](#) for further information.
- 7. HCV FSS Program Coordinator.** The person responsible for linking HCV FSS program participants to supportive services. Program Coordinators will work with the PCC and local service providers to ensure that the necessary services and linkages to community resources are being made, such as ensuring that the services included in participants’ contracts of participation are provided on a regular, ongoing, and satisfactory basis; making sure that participants are fulfilling their responsibilities under their contracts of participation, and ensuring that HCV FSS escrow accounts are established and properly maintained for eligible families. HCV FSS

Coordinators may also perform job development functions (e.g. outreach to potential employers) for the FSS program.

**8. Job-sharing.** Means that two or more employees are retained on a part-time or reduced-time basis to perform a job normally fulfilled by one FSS coordinator working full-time. See [Section III.C.1](#) of this NOFA for more information.

**9. Logic Model.** Form HUD-96010. This form is completed by applicants annually in their HCV FSS application submission. Funded programs use the Logic Model to show accomplishments against proposed outputs and outcomes as part of the annual reporting requirement. See [Section IV.B.2.f](#) and [VI.C.2.a](#) of this NOFA for more information.

**10. Moving to Work (MTW) PHAs.** PHAs that are under MTW agreements with HUD. See [Section III.C.5.a](#) of this NOFA for more information.

**11. Number of HCV FSS Program Participants.** The total number of families under an FSS contract of participation in the applicant's HCV FSS program during the target period (see [Section I.B.15](#) below for the definition of target period) as shown in HUD's Public Housing Information Center (PIC) data system. The total number of families under an FSS contract of participation includes any HCV FSS families with enrollment, progress, and exit reports in PIC during the target period.

**12. Number of HCV FSS Coordinators Supported by PIC:** The number of HCV FSS program participants (as defined in [Section I.B.11](#) above) served by the applicant's HCV FSS program during the target period will determine the number of HCV FSS coordinators for which an applicant is eligible to apply. This number is based on the eligibility requirements discussed in [Section III.A.1](#) of this NOFA; that is, 25 HCV FSS program participants qualifies a PHA for 1 HCV FSS coordinator, 75 HCV FSS program participants qualifies a PHA for 2 HCV FSS coordinators, and so on in increments of 50.

**13. PIC Report:** A report showing PIC data (during the target period of this NOFA) for HCV FSS programs funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs. For each listed PHA, the report shows the total number of HCV FSS program participants, the number of HCV FSS coordinators supported by PIC, the cap on number of positions, and the most recent award amount (FY 2012 or FY 2011, as applicable). Please note that only the award amount of your most recent award (FY 2012 or FY 2011) was included in the report even if your PHA was funded in both years because funding for eligible PHAs will be based on the most recent award amount. The PIC report is attached to this NOFA as Appendix A and includes both MTW and non-MTW PHAs. See [Section IV.B.1.a](#) of this NOFA for information on submission of documentation for incorrect or missing numbers in the PIC report.

**14. Program Coordinating Committee.** See [24 CFR 984.103](#) for the definition and [984.202](#) for further information.

**15. Target Period.** This is April 1, 2012-March 31, 2013. This is the period HUD will use to review data in PIC to verify number of participating families applicants are serving and other relevant information.

## II. AWARD INFORMATION

**A. Available Funds.** The funding for this program is authorized by the Consolidated and Further Continuing Appropriations Act, 2013, Pub. L. No. 113-6, 127 Stat. 198, enacted March 26, 2013. HUD expects to award a total of approximately \$56.8 million in FY 2013 funding.

**B. Positions.** A maximum of \$69,000 is available for each full-time coordinator position funded, or a maximum of \$34,500 is available for a part-time position. However, there will be no increases over the most recent award amount (i.e. the FY 2011 or FY 2012 HCV FSS program coordinator award amount, as applicable) for any applicant, as described in [Section IV.E.2](#) of this NOFA. Applicants may request funds for a part-time coordinator. The maximum salary for a part-time position may not exceed 50 percent of the comparable salary for a full-time position adjusted for the number of hours worked. Salaries must be based on local comparables that must be kept on file in the offices of the PHA.

The funding will be provided as a one-year HCV funding increment under the PHA's Annual Contributions Contract (ACC). HUD reserves the right to adjust funding for positions in order to ensure a fair and reasonable distribution of funding.

## III. ELIGIBILITY INFORMATION

**A. Eligible Applicants.** Eligible applicants are Public Housing Agencies (PHAs) (including Moving to Work (MTW) PHAs), currently administering an HCV FSS program that have served at least the minimum number of families required by this NOFA (as described in [Section III.A.1](#) below), have met the threshold requirements of this NOFA as outlined in [Section III.C.4](#) of this NOFA, and have met the timely receipt requirements as outlined in [Section IV.C](#) of this NOFA. Non-profit organizations and resident associations are *not eligible* to apply for funding under this NOFA.

Due to the limited funding available under this NOFA, applicants will only be eligible for funding under this NOFA if they were funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs. See Appendix A for a list of applicants that were funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs.

**1. Eligibility Requirement: Number of HCV FSS Families Served.** Eligibility for funding will be based on data in HUD's PIC system (as shown on the PIC report in Appendix A) or the equivalent data provided by applicants contesting the number of HCV FSS program participants in the PIC report (see [Section IV.B.1.a](#) of this NOFA). Eligibility will be based on the number of HCV FSS program participants in the applicant's HCV FSS program during the target period (see [Sections I.B.11](#) and [I.B.15](#) of this NOFA for the definition of HCV FSS program participants and target period, respectively).

State and Regional programs that operate HCV FSS programs in administratively distinct parts of a state or region may request that the eligibility requirements be applied to each separate

area where they administer an HCV FSS program of the required size. (See [Section IV.B.1.b](#) (“Documentation for State and Regional PHAs that Administer programs in Separate, Administratively Distinct Areas”) for documentation submission requirements.)

**a. To qualify for renewal of one part-time position of up to fifty percent of a full-time coordinator’s salary.** An applicant must have served between 15 and 24 HCV FSS families during the target time period.

**b. To qualify for renewal of one full-time position.** An applicant must have served a minimum of 25 families in their HCV FSS program during the target period.

**c. To qualify for renewal of more than one full-time position.** An applicant must have served 50 families more than the previous level during the target period. For example: To qualify for a second full-time renewal position, a PHA must have served at least 75 families; for a third full-time renewal position, a PHA must have served at least 125 families, etc. Please see the chart below for a visual representation of this principle.

**NOTE: Applicants may not qualify for part-time positions beyond the initial position (e.g. an applicant may not qualify for one and a half positions).**

Number of HCV FSS families served during the target period	Number of renewal positions supported
15-24 families	1 part-time position
25-74 families	1 full-time position
75-124 families	2 full-time positions
125-174 families	3 full-time positions
175-224 families	4 full-time positions
225-274 families	5 full-time positions
275-324 families	6 full-time positions
325-374 families	7 full-time positions
375-424 families	8 full-time positions
And so on in increments of 50	

**2. Cap on Number of Positions.** Due to the limited funding available under this NOFA, applicants will not be awarded more positions than the most recent number of HCV FSS program coordinator positions funded (please see [Section I.B.2](#) of this NOFA for more information). For example, a PHA who was awarded one part-time position in FY 2012 may only be awarded one part-time position under this NOFA, even if the PHA has served more than 24 HCV FSS families during the target time period. Also, see [Section III.C.2](#) of this NOFA regarding positions funded with HCV administrative fee set-aside funding as a result of the reprocessing of the FY 2012 HCV FSS awards.

**3. Transfers/Consolidations.** A receiving PHA under a program transfer or consolidation will qualify for the combined number of positions supported by the receiving and divesting PHAs’

number of HCV FSS program participants served during the target period, subject to the combined cap on number of positions of the receiving and divesting PHAs.

Consider the following example of a transfer, in which the divesting PHA transferred their program to the receiving PHA after both PHAs were awarded FY 2012 HCV FSS funding: the receiving PHA served 110 HCV FSS families during the target period, and the divesting PHA served 30 families during the target period, so the receiving PHA qualifies for three full-time positions (140 families served by the receiving and divesting PHAs during the target period supports three full-time positions). However, the combined cap on number of positions is two full-time positions (the receiving PHA was awarded only one full-time position in FY 2012, as was the divesting PHA), so the receiving PHA will not be awarded more than two full-time positions.

Or consider the following example of a consolidation, in which three PHAs consolidated after each of the PHAs were awarded FY 2012 HCV FSS funding: each of the three divesting PHAs served 50 HCV FSS families during the target period; however, the newly consolidated PHA is shown in PIC as having served 0 HCV FSS families during the target period (due to the timing of the consolidation). The newly consolidated PHA qualifies for three full-time positions (150 families served by the three divesting PHAs during the target period supports three full-time positions). The combined cap on number of positions is three full-time positions (each of the three divesting PHAs were awarded one full-time position in FY 2012), so the newly consolidated PHA may be awarded three full-time positions.

Please note that the combined cap on number of positions in cases where a PHA in a transfer or consolidation was awarded a part-time position, will roll up from a part-time to the nearest full-time position if supported by the number of families served during the target period. For example, the combined cap on number of positions would change from 1.5 to 2 in the following scenario: if the receiving PHA served 70 HCV FSS families during the target period, and the divesting PHA served 20 families during the target period, the receiving PHA qualifies for two full-time positions (90 families served by the receiving and divesting PHAs during the target period supports two full-time positions) and will be awarded two full-time positions, even though the divesting PHA's cap on number of positions is 0.5 (the PHA was awarded one part-time position in FY 2012) and the receiving PHA's cap on number of positions is 1 (the PHA was awarded one full-time position in FY 2012). This is because PHAs are never awarded a part-time position beyond the initial position, as discussed in [Section III.A.1.c](#) above.

Please note that the award amount for a receiving PHA under a program transfer or consolidation may not exceed the combined most recent award amount; see [Section IV.E.2](#) of this NOFA.

**4. Joint Applicants.** Eligible applicants who previously applied jointly under the FY 2011 and/or the FY 2012 HCV FSS NOFAs may not apply separately, and may not add new joint applicants under this NOFA. However, the composition of the joint applicants may change to remove any member(s) or change a co-applicant to a lead applicant (or vice-versa). Please note that in the case of removal of any member(s), the remaining joint applicants are subject to the cap on number of positions (see [Section III.A.2](#) of this NOFA), and must meet the number of

HCV FSS families eligibility requirement (see [Section III.A.1](#) of this NOFA). For example, if PHA A (lead), PHA B (co-applicant), and PHA C (co-applicant) applied jointly under the FY 2012 HCV FSS NOFA and were awarded 2 full-time HCV FSS coordinator positions, and PHA B will apply as the lead agency with PHA C as co-applicant under this NOFA, then PHA B and PHA C cannot be awarded more than 2 full-time coordinator positions under this NOFA. PHA B and PHA C may only be awarded 2 full-time HCV FSS coordinator positions if they meet the number of HCV FSS eligibility requirements described in [Section III.A.1](#) of this NOFA (i.e. if together PHA B and PHA C have enough HCV FSS participants during the target period to support 2 HCV FSS coordinators).

See [Section IV.E.2](#) of this NOFA for limitation on funding increases for joint applicants.

**B. Cost Sharing or Matching.** None required.

**C. Other**

**1. Eligible Activities.** Funds awarded to PHAs under this NOFA may only be used to pay the annual salary and fringe benefits of HCV FSS program staff. Funding under this NOFA may be also be used to continue to employ HCV FSS coordinator support positions funded under previous HCV FSS NOFAs that made funding available for such FSS positions.

A part-time HCV FSS program coordinator may be retained where appropriate. The funds for a HCV FSS coordinator position may be used to job-share with more than one employee if HCV FSS functions are shared (see [Section I.B.8](#) for the definition of job-sharing). If job-sharing, the funds may be pro-rated to more than one staff member.

See [Section IV.E.4](#) of this NOFA for information on ineligible activities.

**2. HCV administrative fee set-aside funding.** In December, 2012 HUD reprocessed applications received under the FY 2012 HCV FSS NOFA to address the use of an inaccurate PIC report during the initial determination of eligibility and funding under the FY 2012 HCV FSS Coordinator NOFA. PHAs whose FY 2012 HCV FSS coordinator funding award was cancelled or reduced as a result of this reprocessing were eligible to request funds under the administrative fee set-aside to cover the amount of the reduction or their cancelled award. As instructed during the reprocessing, any funding received under the administrative fee set-aside to address the cancellation or reduction of a PHA's FY 2012 HCV FSS coordinator funding is not HCV FSS funding, and the position(s) funded with those resources do not qualify as FSS coordinator renewal positions under this or future HCV FSS NOFAs.

Accordingly, an applicant is not eligible to receive funding under this NOFA for any positions funded with the administrative fee set-aside. An applicant's cap on number of positions under this NOFA does **not** include any coordinator positions funded with the administrative fee set-aside, and an applicant's most recent award amount (for purposes of determining an applicant's funding limit) does **not** include the administrative fee set-aside funding awarded to the applicant PHA during the reprocessing.

**3. Rental Assistance Demonstration.** PHAs that are converting public housing units to project-based voucher (PBV) assistance through the Rental Assistance Demonstration (RAD) will be allowed to use any PH FSS funds granted previously or pursuant to the FY 2013 PH FSS NOFA, to serve those FSS participants who live in units converted by RAD and who will be moving to the HCV FSS program.

#### **4. Threshold Requirements**

**a. General Section Threshold Requirements.** All applicants must meet the threshold requirements in Section III.C.2 of the [FY 2013 General Section](#). Please note that Section III.C.2 of the FY 2013 General Section was amended by the [Technical Correction to the FY 2013 General Section dated October 13, 2012](#). Because the Technical Correction to the General Section republishes Section III.C.2 in its entirety, including amended and non-amended parts, any reference below will be to the Technical Correction to the FY 2013 **General Section**, and not to the FY 2013 **General Section** itself.

**(1) Ineligible Applicants.** HUD will not evaluate an application from an ineligible applicant.

**(2) Dun and Bradstreet Data Universal Numbering System (DUNS) Number and Active Registration at CCR/www.SAM.gov.** See Section III.C.2.b and III.C.2.c of the Technical Correction to the FY 2013 **General Section**, including information on the new SAM platform found at: <https://www.sam.gov/portal/public/SAM/>. **Please note that submitting a paper application does not release an applicant from this requirement.**

Failure to meet this requirement by applicants that file a paper application will be treated as a curable deficiency in accordance with [Section V.B.3](#) of this NOFA. If the DUNS number, or remedy to any discrepancy in the applicant legal name is not provided within the cure period as described in [Section V.B.3](#) of this NOFA, the application will not be funded. Failure to meet this requirement by electronic filers will not be treated as a curable deficiency under [Section V.B.3](#) of this NOFA; instead, electronic filers who fail to meet this requirement will have the opportunity to cure the deficiency in accordance with HUD's timely receipt requirements and grace period policy described in Section IV.C.1 of the **General Section**.

**(3) Resolution of Outstanding Civil Rights Matters Must Be Completed Prior to the Application Deadline.** Section III.C.2.d of the Technical Correction to the FY 2013 **General Section** applies. Where an application involves more than one entity each entity must meet the threshold requirement.

**(4) Debarred or Suspended Applicants.** No person employed by or contracted with the applicant that appears on the Excluded Parties Listing System (EPLS) may be paid pursuant to funding under this NOFA. For access to the EPLS, see <https://www.sam.gov/portal/public/SAM/>.

**(5) Consistency with Consolidated Plan.** Because all eligible applicants confirmed the consistency of their FSS program with their local Consolidated Plan in the most recently funded

application, this NOFA does **not** require applicants to submit a certification of consistency with the Consolidated Plan.

**(6) Delinquent Federal Debt.** See Section III.C.2.g of the Technical Correction to the FY 2013 **General Section**.

**(7) Financial System that Meets Federal Requirements.** See III.C.2.h of the Technical Correction to the FY 2013 **General Section**. Please note that this requirement will be considered to have been met by all eligible applicants, due to such applicants being PHAs that already receive other funds from HUD.

**(8) Name Check Review.** See Section III.C.2.i of the Technical Correction to the FY 2013 **General Section**. Please note that this requirement will be considered to have been met by all eligible applicants, due to such applicants being PHAs.

**(9) False Statements.** See Section III.C.2.j of the Technical Correction to the FY 2013 **General Section**.

**10) Do Not Pay.gov Review.** See Section III.C.2.k of the Technical Correction to the FY 2013 **General Section** (which adds the use of the Federal website “DoNotPay.gov” as a way of preventing improper payments) for further information.

**b. Program Threshold Requirements.** In addition to the threshold requirements in the FY 2013 **General Section**, applicants must meet the following program threshold requirements:

**(1) Performance and Capacity.** All applicants must meet the following performance and capacity requirements:

**(a) Performance Requirements.** Applicants must meet the performance requirements described in [Section III.A.1](#) of this NOFA.

**(b) Capacity to Administer the HCV FSS program (Past Performance Review).** The local HUD field office of each applicant will evaluate capacity of the applicant. Since all eligible applicants to this NOFA are PHAs funded under FY 2011 and/or FY 2012 HCV FSS NOFAs, the Past Performance review will cover recent HCV FSS program performance and will include consideration of the PHA’s SEMAP designation, any SEMAP deficiencies, and progress toward recovery; other HUD management review; Outstanding Delinquent Federal Debts; and/or audit findings (e.g. IPA Audits and/or IG Audits) affecting the FSS program as well as findings concerning reporting on HCV FSS financial and tenant data (VMS, PIC) and/or logic model reporting.

Applicants found by the Field Office to have capacity or past performance challenges that call into question the ability of the PHA to properly administer an effective HCV FSS program may be placed on high risk (per [24 CFR 85.12](#)) and required, at time of award, to enter into a remediation agreement with the HUD field office, which may include contracting with an entity acceptable to the HUD field office to act as Contract Administrator for the program.

The HUD field office will notify the PHA prior to award that a remediation plan or Contract Administrator is needed and will work with the grantee to put the plan in place prior to the funds being made available. If a remediation plan is required, funding will be contingent upon execution of the plan.

**(2) Troubled PHAs.** In addition to the Past Performance review described above, any applicant that has been identified by HUD as SEMAP Troubled as of the time of publication of this NOFA is, as required by HUD regulation at [24 CFR 985.107](#), subject to a review, corrective action plan, and monitoring by the HUD field office of the applicant's HCV program, including, if applicable, the FSS program. Unless deemed necessary in the Past Performance review, no Contract Administrator is required for SEMAP Troubled agencies pursuant to this NOFA.

## **5. Program Requirements.**

**a. Program Administration.** All recipients of funding under this NOFA must administer the HCV FSS program in accordance with HUD regulations and requirements in [24 CFR part 984](#), and must comply with HCV program requirements, notices, and guidebooks. This includes using a PCC to secure the necessary resources to implement and administer the HCV FSS program. A PHA's HCV FSS and PH FSS programs may share a PCC or the PHA may share a PCC with another PHA. (See [24 CFR 984.202](#) for more information.)

MTW agencies must administer their HCV FSS programs in accordance with [24 CFR part 984](#) unless there are provisions of their MTW Plan to the contrary. Please note that MTW PHAs that previously applied jointly with non-MTW PHAs cannot transfer any of its MTW flexibilities to the non-MTW PHAs. The same is applicable to two or more MTW PHAs who previously applied jointly.

**b. FSS Program Termination Due to Reduced Funding.** There are no statutory or regulatory provisions that allow for the wholesale termination of an existing FSS program. Loss of funding for the FSS coordinator position does not relieve the PHA of its contractual obligation to families already under FSS contract.

**c. Economic Opportunities for Low- and Very Low-Income Persons (Section 3).** Section 3 is **not** applicable to the HCV FSS program. Although the requirements of Section 3 of the Housing and Urban Development Act of 1968 do not apply to the HCV FSS program, PHAs that are awarded HCV FSS funding are encouraged to make low- and very low-income participants aware of training and employment opportunities created as a result of the funds awarded under this NOFA. When new HCV FSS program coordinators are hired, PHAs are encouraged to target low- and very low-income residents of the PHA and other low- and very low-income residents of the metropolitan area for new positions.

**d. Limited English Proficiency Requirements.** See Section III.C.3.c of the Technical Correction to the FY 2013 **General Section**. Also see items [i](#) and [j](#) of this Section (below) for applicable guidance on Communications and Accessible Technology.

**e. Compliance with Fair Housing and Civil Rights Laws.** All PHAs receiving funding must comply with all nondiscrimination authorities set forth in III.c.3.a of the Technical Correction to the FY 2013 **General Section**.

**f. Salary Comparables.** For all positions requested under this NOFA, evidence of salary comparability to similar positions in the local jurisdiction must be kept on file in the PHA office.

**g. Conducting Business in Accordance with Core Values and Ethical Standards.** See Section III.C.3.j of the Technical Correction to the FY 2013 **General Section** for information on the Code of Conduct requirement.

Because all eligible applicants were funded in FY 2011 and/or FY 2012 and required to have a Code of Conduct during those NOFA competitions, applicants are not required to submit a Code of Conduct when applying to this NOFA.

**h. Affirmatively Furthering Fair Housing.** Section III.C.3.b of the Technical Correction to the FY 2013 **General Section** directs applicants to discuss in their application how they will carry out their proposed activities in a manner that affirmatively furthers fair housing, unless otherwise directed in the program NOFA. Applicants under this NOFA do not have to include a statement on AFFH in their application, because successful applicants are required to undertake the following AFFH activities:

- (1) Ensure that each participant receives training and information on rights and remedies available under the federal, state and local fair housing and civil rights laws and a copy of the housing discrimination complaint form.
- (2) Ensure that each participant is told how to file a fair housing complaint and given the toll-free number for the Housing Discrimination Hotline; 800-669-9777.
- (3) If the family is currently living in a high poverty census tract in the PHA's jurisdiction, ensure that the family is provided with an explanation of the advantages of moving to an area that does not have a high concentration of low-and very low-income people.
- (4) Make available to all participants information on housing opportunities available throughout the region which will provide them with greater opportunities for employment, job training, highly ranked schools and varied cultural amenities, and how to access such opportunities through support organizations in the area.
- (5) Seek out fair housing training that will assist the coordinator fulfill fair housing responsibilities. Fair housing training may be available through the local Fair Housing Initiatives Program (FHIP) agency or the Fair Housing Assistance Program (FHAP) agency. A listing of FHIPs and FHAPs can be found at [www.hud.gov/offices/fheo/partners/FHIP/fhip.cfm](http://www.hud.gov/offices/fheo/partners/FHIP/fhip.cfm) (FHIP) and [www.hud.gov/offices/fheo/partners/FHAP/agencies.cfm](http://www.hud.gov/offices/fheo/partners/FHAP/agencies.cfm) (FHAP).

**i. Communications.** Successful applicants must ensure that notices of and communications during all training sessions and meetings are provided in a manner that is effective for persons

with hearing, visual, and other communications-related disabilities consistent with Section 504 of the Rehabilitation Act of 1973, and as applicable, the Americans with Disabilities Act. (This includes ensuring that training materials are in appropriate alternative formats as needed, e.g., Braille, audio, large type, sign language interpreters, and assistive listening devices, etc.) See [24 CFR 8.6](#). Where physical accessibility is not achievable, recipients and sub-recipients must give priority to alternative methods of product delivery that offer such activities to qualified individuals with disabilities in the most integrated setting appropriate in accordance with Section 504 of the Rehabilitation Act (29 U.S.C. Section 794) and its implementing regulations at [24 CFR part 8](#), and Titles II and III of the Americans with Disabilities Act and their implementing regulations at [28 CFR Parts 35](#) and [36](#), as applicable.

**j. Accessible Technology.** See Section III.C.3.f of the Technical Correction to the FY 2013 **General Section**.

**k. Policy Priorities.** This NOFA supports the HUD policy priorities of (1) Job Creation/Employment, (4) Capacity Building and Knowledge Sharing and (5) Using Housing as a Platform for Improving Other Outcomes, which we believe support and enhance the objectives of the HCV FSS program. See Section I.B of the **General Section** for a full discussion of HUD's policy priorities. As such, all grantees must adhere to the following:

**(1) For Policy Priority #1, Job Creation/Employment, this NOFA specifically supports:**

- Improving access to job opportunities through information sharing, coordination with federal, state, and local entities, and other means (Subgoal 3C);
- Increasing access to job training, career services, and work, supports through coordination with federal, state, and local entities (Subgoal 3C); and
- Expanding economic and job creation opportunities for low-income residents and creating better transportation access to those jobs and other economic opportunities by partnering with federal and nonprofit agencies, private industry, and planning and economic development organizations and by leveraging federal and private resources (Subgoal 4A).
- In order to demonstrate this policy all grantees are encouraged to establish a partnership with Workforce Investment Board (WIB) and/or local unions to establish apprenticeship programs and/or job opportunities.

**(2) For Policy Priority #4, Knowledge Sharing and Capacity Building, this NOFA specifically supports:**

- Support knowledge sharing and innovation by disseminating best practices, encouraging peer learning, publishing data analysis and research, and helping to incubate and test new ideas (Subgoal 4E).
- In order to demonstrate this policy, all grantees are encouraged to meet with their local PCC at least 4 times per year to share information on programs/services available, identify gaps, and streamline and enhance service provision to participants.

**(3) For Policy Priority #5, Using Housing as a Platform for Improving Other Outcomes, this NOFA specifically supports:**

- Increasing access to high quality early learning programs and services through coordination with local programs (Subgoal 3A)
- Utilize HUD assistance to improve health outcomes (subgoal 3B) and
- Utilize HUD assistance to increase economic security and self-sufficiency (subgoal 3C).
- In order to demonstrate this policy, all grantees are encouraged to establish a partnership with a high performing Early Childhood Education Programs (including programs for children with disabilities and children who are limited English proficient) and/or establish partnerships with local community health clinics.

**NOTE:** HUD may request documentation of meetings held or partnerships/MOUs established along with annual reporting.

## **6. Program Coordinator Responsibilities and Staffing Guidelines.**

**a. Responsibilities of HCV FSS Program Coordinators.** An HCV FSS Program Coordinator must:

(1) Work with the PCC and with local service providers to ensure that HCV FSS program participants are linked to the supportive services they need to achieve self-sufficiency, including services for participants with limited English proficiency. See [Section I.B.14](#) of this NOFA for the definition of PCC.

(2) Ensure that the services included in the participants' contracts of participation are provided on a regular, ongoing and satisfactory basis; that participants are fulfilling their responsibilities under the contracts; and that HCV FSS escrow accounts are established and properly maintained for eligible families. All of these tasks should be accomplished through case management. HCV FSS coordinators may also perform job development functions (e.g. outreach to potential employers) for the HCV FSS program.

(3) Monitor the progress of participants and evaluate the overall success of the program.

**b. Staffing Guidelines.** Under normal circumstances, a full-time HCV FSS Program Coordinator should be able to serve approximately 50 HCV FSS participants, depending on the coordinator's case management functions. However, in order to qualify for one HCV FSS Coordinator position, applicants must serve at least 25 HCV FSS participants. See [Section III.A.1](#) of this NOFA for more information.

## **IV. APPLICATION AND SUBMISSION INFORMATION**

**A. Addresses to Request Application Package.** See Section IV of the **General Section** for specific procedures concerning the electronic application submission, timely receipt requirements and grace period information. Copies of the published NOFAs and application forms for HUD programs announced through NOFAs may be downloaded from the grants.gov website at [http://www07.grants.gov/applicants/apply\\_for\\_grants.jsp](http://www07.grants.gov/applicants/apply_for_grants.jsp). For technical assistance see [Section VII.A](#) of this NOFA.

## B. Content and Form of Application Submission

### 1. Content of Application.

**a. Documentation for Incorrect or Missing Data on PIC Report (Appendix A).** Appendix A of this NOFA is a PIC report that indicates the total number of HCV FSS program participants, the number of HCV FSS coordinators supported by PIC, the cap on number of positions, and the most recent award amount (FY 2012 or FY 2011, as applicable) for each of the PHAs funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs. Please note that only the award amount of your most recent award (FY 2012 or FY 2011) was included in the report even if your PHA was funded in both years because funding for eligible PHAs will be based on the most recent award amount. Also, please note that in the cap on number of positions column, a part-time position is represented as 0.5. **Please review the PIC report (Appendix A) carefully.**

All applicants (including MTW PHAs) that are requesting more positions than the number of HCV FSS coordinators supported by PIC (as listed in the PIC report), or whose data is missing from the PIC report (even though the applicant was funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs), **must include documentation with their application to confirm the correct number of HCV FSS program participants during the target period (April 1, 2012 – March 31, 2013).** Documentation may include, but is not limited to, an ad hoc report from PIC or another listing generated from the applicant's software.

- The documentation must include the names and the total number of all HCV FSS program participants (as defined in [Section I.B.11](#) of this NOFA) in the applicant's HCV FSS program during the specified target period (April 1, 2012 – March 31, 2013).
- The documentation should include a participant's name only once.
- Please note that the documentation must not include any personally identifiable information (e.g. social security numbers or dates of birth).
- A sample of acceptable documentation is provided in Appendix B of this NOFA.
- The documentation of HCV FSS program participants submitted by the applicant to contest HUD's PIC report numbers (and any other documentation the applicant submits as part of its application) must be, to the best of your knowledge and belief, true and correct. For example, the documentation must include only HCV FSS (not PH FSS) participants and must include only participants enrolled during the target period (April 1, 2012 – March 31, 2013).
- HUD retains the right to conduct post-award audits, and the submission of inaccurate documentation could result in a recapture of funding and other sanctions.

Failure by PHAs to submit documentation with their applications to confirm the correct number of HCV FSS program participants during the target period (if requesting more positions than the number of HCV FSS coordinators supported by PIC, as listed in the PIC report; or if missing from the PIC report) is a curable deficiency under this NOFA. See [Section V.B.3](#) of this NOFA for more information on corrections to deficient applications.

**NOTE: PHAs should not submit documentation if the number of HCV FSS coordinators supported by PIC (as listed in the PIC report) is greater than or equal to the number of HCV FSS coordinators that the PHA is applying for.** For example, if your PHA's application

is requesting one full-time position and HUD’s PIC report shows one full-time position supported by PIC (with 26 HCV FSS program participants), do not submit documentation showing that your PHA actually has 37 HCV FSS program participants.

**Additionally, PHAs should not submit documentation if the cap on number of positions (as listed in the PIC report) is less than or equal to the number of HCV FSS coordinators supported by PIC (as listed in the PIC report).** For example, if your PHA’s cap on the number of positions is two full-time positions and HUD’s PIC report shows two full-time positions supported by PIC, do not submit documentation showing that your PHA actually has enough families to support three full-time positions.

**b. Documentation for State and Regional PHAs that Administer Programs in Separate, Administratively Distinct Areas.** State and regional agencies that operate HCV FSS programs in administratively distinct parts of a state or region may request that the eligibility requirements for program size be applied to each separate area where they administer an HCV FSS program of the required size. To qualify, state and regional PHAs must submit an ad hoc report from PIC or another listing generated from the PHA’s software that identifies separate administrative areas and the participating HCV FSS families in those areas. Failure by PHAs to submit documentation with their applications to confirm the correct number of HCV FSS program participants during the target period (if requesting more positions than the number of HCV FSS coordinators supported by PIC, as listed in the PIC report; or if missing from the PIC report) for each of their separate administrative areas is a curable deficiency under this NOFA. See [Section V.B.3](#) of this NOFA for more information on corrections to deficient applications.

**c. Each applicant must complete the forms listed below.** Applicants need only submit documentation specifically requested in this NOFA. Unsolicited material will not be reviewed or considered in the application. Please do not submit extraneous materials.

### Forms and Other Application Submission Information

(See also “Guidance for Locating and Completing Forms,” below the chart)

Form Name	Description/Special Instructions:
1. Form SF_424 – Required.	This is the Standard Federal form “Application for Federal Assistance.” See <a href="#">Section IV.B.2.b</a> of this NOFA for more information. HUD may contact an applicant to clarify items on this form, and will be treated as a curable deficiency (See <a href="#">Section V.B.3</a> of this NOFA for more information).
2. SF_LLL – If applicable.	This is the “Disclosure of Lobbying Activities” form. This form is only applicable if your agency has used or intends to use federal funds for lobbying activities. See <a href="#">Section IV.B.2.c</a> of this NOFA for more information. HUD may contact an applicant to clarify items on this form, and will be treated as a curable deficiency (See <a href="#">Section V.B.3</a> of this NOFA for more information).
3. Form HUD_52651 – Required.	This is the FSS application form. See <a href="#">Section IV.B.2.d</a> of

Form Name	Description/Special Instructions:
	this NOFA for more information. HUD may contact an applicant to request a missing form or clarify items on this form, and will be treated as a curable deficiency (See <a href="#">Section V.B.3</a> of this NOFA for more information).
4. HUD_2880 – Required.	This is the “Applicant/Recipient Disclosure/Update Report” (HUD Applicant Recipient Disclosure Report on Grants.gov). HUD may contact an applicant to clarify items on this form, and will be treated as a curable deficiency (See <a href="#">Section V.B.3</a> of this NOFA for more information).
5. HUD_2993 – If applicable.	This is the “Acknowledgment of Application Receipt” and is only applicable if a waiver of the electronic application requirement is granted for the applicant.
6. HUD_96011 – Required	This is the “Third Party Documentation Facsimile Transmittal” form and it MUST be used as the cover sheet for any faxes submitted in conjunction with an electronic application. This form must be included in the application <i>even if faxes are not sent</i> . See <a href="#">Section IV.B.2.e</a> of this NOFA for more information.
7. HUD_96010 – Required.	This is the Logic Model. Applicants must show <i>projected</i> performance measures. See <a href="#">Section IV.B.2.f</a> and <a href="#">VI.C.2.a</a> of this NOFA for more information on the Logic Model. HUD may contact an applicant to request a missing form or clarify items on this form, and will be treated as a curable deficiency (See <a href="#">Section V.B.3</a> of this NOFA for more information).

## 2. Guidance for Locating and Completing Forms.

**a. General.** Please note that the application consists of the “application download” and the “instructions download.” Forms referred to as “electronic” are part of the application download in grants.gov, and forms referred to as “attachments” are part of the instructions download in grants.gov. Use only the forms included in Grants.gov application download and instructions download for this funding opportunity to avoid using outdated forms. See Section IV.B and Appendix D “Downloading an Application Package and Instructions” of the 2013 **General Section** for more information.

### b. SF\_424.

- Boxes in yellow are mandatory fields.
- Question 2 – Applicants that were funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs should select the “continuation box” on question 2, “type of application.”
- Question 5a. – The Federal Identifier requested in 5a. is the PHA number of each applicant PHA (e.g., MD035 or AK002).
- Question 5b – you may leave this blank.
- Question 8.d – When entering the applicant zip code in 8.d., enter the 9 digit zip code.
- Questions 10, 11, 12 and 13 are pre-populated. Do not add or change anything.

- Question 14 – you may leave blank and do not need to attach anything.
- Question 15 – PHA discretion. Suggest using the name of your PHA plus HCV.
- Question 16 – if the location of the applicant’s office and the location of the program/project is within the same Congressional District, you should include the same answer for both parts.
- Question 17 – All applicants should enter the effective date of January 1, 2014 and expiration date of December 31, 2014 as the proposed ACC amendment effective and ending dates for the requested HCV FSS coordinator (actual dates will be established by HUD when the funding is contracted). Question 18 – Complete 18.a. which will be the amount requested from HUD in this FY 2013 FSS application. The dollar amount entered in 18.a. must be the total requested under this NOFA and should include the dollar amount for fringe benefits, if applicable. No funding amount should be reported in 18.b. through 18.f. The total, 18.g. will populate when you complete 18.a.
- Question 19 – answer c. Program is not covered by E.O. 12372.
- Do not add attachments to the SF\_424. Use the Attachments Form in the electronic application to submit attachments.

**c. SF-LLL.** If this form is not applicable to your agency, do not include it in your submission (leave it in the left box of the grants.gov application).

**d. HUD\_52651.** All applicants must complete Part I of the form HUD\_52651. As discussed in [Section III.A](#) of this NOFA, applicants are only eligible for funding under this NOFA if they were funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs. This means that all eligible applicants are currently administering HCV FSS and must fill out Part II and **NOT** Part III of this form.

Additionally, applicants will not be awarded more positions than the cap on number of positions, as discussed in [Section III.A.2](#) of this NOFA. This means that applicants must not fill out Part II.B (New Positions).

A PHA that is administering a program that serves between 15 and 24 families and/or whose cap on number of positions, as defined in [Section I.B.2](#) of this NOFA, is one part-time position should enter 0.5 in Part II.C.1 (“Total Requested”) of the HUD\_52651. Regardless of the number of families served, a PHA whose cap on number of positions, as defined in [Section I.B.2](#) of this NOFA, is one part-time position should enter 0.5 under “Number of positions at salary level” in Part II.A. (“Previously Funded Positions”) of the HUD\_52651.

**e. HUD\_96011.** If faxes will not be sent with your application, enter “1” for the number of pages. See the 2013 **General Section** for more information.

**f. HUD\_96010.** The application must include a completed Logic Model (form HUD\_96010) showing projected performance measures applicable to the one-year term of the funding requested under this HCV FSS NOFA. This year, ***YOU MUST INDICATE A PROJECTION NUMBER FOR EVERY ACTIVITY/OUTPUT AND EVERY OUTCOME, EVEN IF THAT PROJECTION IS ZERO (0)***. Applicants must establish interim benchmarks, or outputs, for their projected program that lead to the ultimate achievement of outcomes. “Outputs” are the

direct products of a program's activities. Examples of outputs are: the number of persons that participate in adult basic education, the number of persons participating in homeownership counseling, the number of participants receiving training, etc. Outputs should produce outcomes for your program. "Outcomes" are benefits accruing to the participants, families, and/or communities during or after participation in the program. For example, outcomes of FSS program participation could be the number of persons who obtained a bachelors degree, , the number of persons who obtained employment, , the number of families whose increased earned income results in the family no longer needing rental assistance, etc. Outcomes are not the development or delivery of services or program activities but the results of the services delivered or program activities – the ultimate results of the program. Applicants must clearly identify the outcomes to be achieved and measured.

***There will be no "new" outputs or outcomes allowed in this year's Logic Model. All activities/outputs (in column 3) and outcomes (in column 5) will be pre-filled and the applicant MUST INDICATE A PROJECTION NUMBER FOR EVERY ACTIVITY/OUTPUT AND EVERY OUTCOME, EVEN IF THAT PROJECTION IS ZERO (0). You may wish to print the outputs and outcome tabs, if necessary, for easy review.***

***NOTE:*** Any deficiencies found in the logic model at the time of application will not be treated as a deficiency for the competition process, but will need to be remedied by successful applicants after award. Failure to submit a logic model with the application **will** result in a deficiency for the competition process.

- A narrative is not required as part of your Logic Model submission. The data entered into the Logic Model should be consistent with your application. HUD should be able to review the Logic Model without further narrative explanation.
- Use ONLY the eLogic Model<sup>®</sup> form provided with this application – it can be found in the Instructions Download Zip File from Grants.gov.
- Read the Instructions Tab in the eLogic Model<sup>®</sup> and be sure that you enable the Macros.
- *Applicants must fill out the eLogic Model in its entirety following the instructions in the Instructions Tab in the eLogic Model<sup>®</sup>. **YOU MUST INDICATE A PROJECTION NUMBER FOR EVERY ACTIVITY/OUTPUT AND EVERY OUTCOME, EVEN IF THAT PROJECTION IS ZERO (0).** This year, there will be no "locked" columns as there have been in years past. However, fill in ONLY the "projection" column, NOT the "Annual" or "Extension" column for the application (please note that the "Pre" "Post" and "YTD" columns are now "Projection" "Annual" and "Extension"). The "Annual" and "Extension" columns are used when reporting. For "Reporting period," the Reporting Start Date and the Reporting End Date should also be left blank at the time of application. They are used when reporting. The reporting Tab is also left blank at the time of application. See [Section VI.C.2.a](#) of this NOFA for information on Logic Model reporting.*

- *This year, column 1 (HUD Goals and Policy Priorities) and column 2 (Need) will be pre-populated to reflect the FSS program in general and should not be changed. Applicants must fill out columns 4, 6, and 7. Columns 3 and 5 will be pre-filled and applicants are required to provide a projection (in columns 4 and 6, respectively) for each activity/output and outcome listed, even if that projection is zero (0). At the time of application, when completing Columns 4 and 6 applicants should only complete the “Projection” portion of the column as that represents their projected outputs and outcomes. Any deficiencies found in the logic model at the time of application will not be treated as a deficiency for the competition process, but will need to be remedied by successful applicants after award. Failure to submit a logic model with the application will result in a deficiency for the competition process.*
- See Section VI.C.1 of the **General Section** for further information on the Logic Model.

**3. Waiver of Electronic Submission Requirements.** Electronic application submission is mandatory unless an applicant requests, and is granted, a waiver to the requirement. Applicants seeking waiver of the electronic submission requirement should submit their waiver requests in writing using email. Waiver requests must be submitted no later than 15 days prior to the application deadline date and should be submitted to [HCVFSS@hud.gov](mailto:HCVFSS@hud.gov). The subject line of the email message should be FY 2013 HCV FSS NOFA Waiver Request. If an applicant is granted a waiver, then the approval will provide instructions for submitting paper copies to the appropriate HUD office(s). All paper applications must be received by the application deadline date to meet the requirements for timely submission. All applicants eligible for FY 2012 funding submitted electronically, so waivers to submit via paper will only be granted in extreme circumstances; for example, natural disasters. See Section IV.B.3 of the **General Section** for more information.

**C. Receipt Dates and Times.** The application deadline date is 11:59:59 p.m. eastern time on **October 7, 2013**. Applications must be received by Grants.gov no later than 11:59:59 p.m. eastern time on the application deadline date. Please see Section IV.C of the **General Section** for timely receipt requirements and grace period information. Applicants should be aware that following receipt of their applications to Grants.gov, applications go through a validation process in which the application is either accepted or rejected. Please allow time for this process to ensure that you meet the timely receipt requirements. (NOTE: The validation system does not check to see that all attachments required by the NOFA are in the submission, or that the applicant has submitted all the required elements of the application. This is discussed further in Section IV.C.3. of the **General Section**.)

**NOTE:** *Only the final timely submission received and validated by Grants.gov will be processed by HUD. If you re-submit, you must re-submit the entire application and re-fax any faxed attachments.*

**D. Intergovernmental Review.** This NOFA is not subject to Executive Order (EO) 12372, Intergovernmental Review of Federal Programs.

**E. Funding Restrictions**

**1. Salary Cap.** Awards under this NOFA are subject to a cap of \$69,000 per year per full-time coordinator position funded, or \$34,500 for a part-time coordinator. However, there will be no increases over the most recent award amount for any applicant, as described below (“Limitation on Funding Increases”). Under this NOFA, if PHAs apply jointly, the \$69,000 maximum amount that may be requested per position applies for the application as a whole, not to each PHA separately. See [Section II.B](#) of this NOFA for information about part-time positions and salary comparability requirements.

**2. Limitation on Funding Increases.** There will be no increases over the most recent award amount (i.e. the FY 2011 or FY 2012 HCV FSS program coordinator award amount, as applicable) for any applicant. The award amount for a receiving PHA under a program transfer or consolidation (see [Section III.A.3](#) of this NOFA) may not exceed the combined most recent award amount (i.e. the FY 2011 or FY 2012 HCV FSS program coordinator award amount, as applicable) of the receiving and divesting PHA(s). For example, if the receiving PHA’s most recent award amount was \$69,000 and the divesting PHA’s most recent award amount was \$69,000, the receiving PHA’s award amount under this NOFA may not exceed \$138,000.

In the case of applicants who previously applied jointly and have removed any member(s) from their application to this NOFA (see [Section III.A.4](#) of this NOFA), the new joint applicant group will not be eligible for more than the most recent award amount (i.e. the FY 2011 or FY 2012 HCV FSS program coordinator award amount, as applicable) awarded to the previous joint applicant group under those NOFAs. For example, if the most recent award amount of the joint applicant group was \$100,000 then the new joint applicant group’s award amount under this NOFA may not exceed \$100,000.

Also, see [Section III.C.2](#) of this NOFA regarding positions funded with HCV administrative fee set-aside funding as a result of the reprocessing of the FY 2012 HCV FSS awards.

**3. Cap on number of positions.** Applicants will not be awarded more positions than the cap on number of positions, as defined in [Section I.B.2](#) of this NOFA . For example, a PHA who was awarded one part-time position in FY 2012 may only be awarded one part-time position under this NOFA, even if the PHA has served more than 24 HCV FSS families during the target time period.

#### **4. Ineligible Activities**

**a.** Except as provided in [Section III.C.3](#) of this NOFA (“Rental Assistance Demonstration”), funds under the HCV FSS NOFA may not be used to pay the salary of a PH FSS coordinator for a PH FSS program, and funds under the PH FSS NOFA may not be used to pay the salary of an HCV FSS coordinator for a HCV FSS program. An HCV FSS program coordinator may only serve HCV families while the PH FSS program coordinator may only serve public housing residents.

**b.** Funds under this FSS NOFA may not be used to pay for services for FSS program participants or administrative activities.

- c. Funds under this NOFA may not be used for performance of routine HCV program functions. However, an HCV FSS program coordinator may perform some HCV functions, such as annual reexaminations for HCV FSS participants, if it enhances the effectiveness of the FSS program.
- d. Funds under this NOFA may not be used to compensate coordinators for homeownership functions performed for families not enrolled in the HCV FSS program.
- e. Funds may not be used to pay for application preparation.
- f. Funds may not be used to pay for a Contract Administrator.

## **F. Other Submission Requirements**

1. **Discrepancies between the NOFA posted on HUD Website and Other Documents.** See Section IV.E.1 of the **General Section**.
2. **Application Certifications and Assurances.** See Section IV.E.2 of the **General Section**.

## **V. APPLICATION REVIEW INFORMATION**

**A. Criteria.** The funds available under this NOFA are being awarded based on demonstrated effective program performance. Applications are initially reviewed by the local HUD field office and by the Grants Management Center (GMC) to determine whether or not they are technically adequate based on the NOFA requirements. Field offices will provide to the GMC information needed by the GMC to make its determination, such as information on the administrative capabilities of PHAs which takes into account past performance. See [Section V.B.4](#) of this HCV FSS NOFA for information on unacceptable applications.

### **B. Review and Selection Process**

1. **Technically Acceptable Applications.** To protect families currently under an HCV FSS contract, only those applicants that were funded under the FY 2011 and/or FY 2012 HCV FSS NOFAs will be funded this year.
2. **Funding Proration.** If HUD receives applications eligible for funding greater than the amount made available under this NOFA, HUD will equally prorate each award. Proration would result in each eligible applicant receiving only a portion of the award amount for which it is eligible. For example, if HUD were to institute a 95 percent proration, an applicant eligible for \$69,000 would be awarded \$65,550.
3. **Corrections to Deficient Applications.** The **General Section** (see Section V.B.2) provides the procedures for corrections to deficient applications. For timely completion of the review process, this NOFA establishes a 7 calendar day window for applicants to correct deficiencies; that is, clarifications or corrections of technical deficiencies in accordance with information provided

by HUD in the email notification of a technical deficiency must be received by HUD within 7 calendar days of the date of the HUD email notification.

**4. Unacceptable Applications.** After the technical deficiency correction period, the GMC will disapprove applications that it determines are not acceptable for processing (e.g., applications that fail the Threshold requirements of the **General Section** or of this NOFA or that do not correct technical deficiencies as described in [Section V.B.3](#) above).

**C. Anticipated Announcement and Award Dates.** It is anticipated that award announcements will take place before November 30, 2013.

## VI. AWARD ADMINISTRATION INFORMATION

**A. Award Notices.** Successful applicants will receive an award letter from HUD. Funding will be provided to successful applicants as an amendment to the ACC of the applicant PHA; in the case of awards to a joint applicant group, the funding will be provided as an amendment to the ACC of the lead PHA that was identified in the application.

Unsuccessful applicants will receive a denial letter from the GMC that will state the basis for the decision. Unsuccessful applicants may request an applicant debriefing. (See Section VI.A.5 of the **General Section** for additional information regarding a debriefing.) Applicants requesting to be debriefed must send a written request to: Director, Grants Management Center; U.S. Department of Housing and Urban Development; 451 7<sup>th</sup> St., SW, B133 Potomac Center, 3<sup>rd</sup> Floor; Washington, DC 20410; or [Cedric.A.Brown@hud.gov](mailto:Cedric.A.Brown@hud.gov). Debriefings may **not** be requested by phone.

### B. Administrative and National Policy Requirements

**1. Applicable Requirements.** Grantees are subject to regulations and other requirements found in:

- a. OMB Circular A-87 “Cost Principles for State, Local, and Indian Tribal Governments” codified at [2 CFR Part 225](#);
- b. OMB Circular A-133 “Audits of States, Local Governments, and Non-Profit Organizations”;
- c. HUD Regulations [24 CFR Part 984](#) “Section 8 and Public Housing Family Self-Sufficiency Program”; and
- d. HUD Regulations [24 CFR Part 85](#) “Administrative Requirements for Grants and Cooperative Agreements to State, Local, and Federally Recognized Indian Tribal Governments.”

**2. HUD’s Strategic Goals.** HUD is committed to ensuring that programs result in the achievement of HUD’s strategic mission. The FSS program and this HCV FSS NOFA support the Department’s strategic goal of utilizing housing as a platform for improving quality of life. You can find out about HUD’s Strategic Framework and policy priorities in the **General Section**.

**3. Environmental Impact.** In accordance with [24 CFR 58.35\(b\)\(2\)](#) and [50.19\(b\)\(2\)](#), activities funded under this NOFA are categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321) and are not subject to environmental review under related laws and authorities.

This NOFA provides funding under [24 CFR 984](#), which does not contain environmental review provisions because it concerns only activities listed in [24 CFR 50.19\(b\)](#). Accordingly, under [24 CFR 50.19\(c\)\(5\)](#), this NOFA is categorically excluded from environmental review under the National Environmental Policy Act of 1969.

## C. Reporting.

**1. PIC and VMS and MTW.** Successful applicants must report activities of their FSS enrollment, progress and exit activities of their HCV FSS program participants through required submissions of the form HUD\_50058 on an annual basis. MTW PHAs will report using the form HUD\_50058\_MTW and any additional reports required for MTW reporting. HUD's assessment of the accomplishments of the FSS programs of PHAs funded under this NOFA will be based primarily on PIC system data obtained from forms HUD\_50058 and HUD\_50058\_MTW.

For non-MTW programs, PHAs are reminded that the following lines of the form HUD\_50058 are to be completed for each report: 17a., identifying FSS; 17b., FSS report category; 17c., FSS effective date of action; 17d., PHA code of PHA administering FSS contract; 17h.(1) through 17h.(6); 17i. Family services table for services received during FSS participation of family; 17j(1) through 17j(5), FSS Contract Information; 17k.(1) through 17k.(3); and, if the family exits, 17m.

For MTW PHAs, comparable sections of the form HUD\_50058\_MTW are: 23a., 23b., 23c., 23d., 23h.(1) through 23h.(6), 23i., 23.j, 23k. and 23m. See [Notice PIH 2011-65](#), and any subsequent amendments to the notice, for additional information on FSS reporting requirements in PIC.

The amount of HCV FSS escrow deposits and HCV FSS escrow forfeitures and HCV FSS coordinator expenses must be entered in HUD's Voucher Management System (VMS) on an ongoing basis.

## 2. Annual Performance Reports.

**a. Logic Model.** Each recipient is also required to submit a completed Logic Model showing accomplishments against proposed outputs and outcomes as part of their annual reporting requirement to HUD. Recipients shall use quantifiable data to measure performance against goals and objectives contained in their Logic Model (HUD\_96010).

An annual Performance Report consisting of the updated Logic Model (HUD\_96010) and answers to the Logic Model Program Management and Evaluations Questions must be submitted to the Public Housing Director in the recipient's local HUD field office no later than 30 days after the ending date of the one-year funding increment provided to the recipient under this

NOFA. A narrative describing milestones, progress towards goals, and problems encountered and methods used to address the problems to support the data in the Logic Model is optional.

**3. Racial and Ethnic Data.** HUD requires that funded recipients collect racial and ethnic beneficiary data. It has adopted the Office of Management and Budget's Standards for the Collection of Racial and Ethnic Data. In view of these requirements, funded recipients should use Form HUD\_27061, Racial and Ethnic Data Reporting Form (HUD Race Ethnic Form on Grants.gov), or a comparable form. Form HUD\_50058, which provides racial and ethnic data to HUD's PIC data system, is a comparable program form that should be used by PHAs for reporting racial and ethnic data for HCV FSS program participants.

**4. Transparency Act Reporting.** See Section III.C.3.u of the Technical Correction to the FY 2013 **General Section**.

**5. Compliance with Section 872 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Pub. L. 110-417), hereafter referred to as "Section 872."** See Section III.C.3.v of the Technical Correction to the FY 2013 **General Section**. HUD's terms and conditions to its FY 2013 awards will contain requirements related to meeting Section Federal Financial Assistance Accountability and Transparency Act and Section 872 requirements.

## VII. AGENCY CONTACTS

**A. For Technical Assistance.** Questions regarding the 2013 **General Section** should be directed to Grants Management Office at 202-708-0667 (this is not a toll-free number).

If you have difficulty with [Grants.gov](http://Grants.gov), you may receive customer support from Grants.gov by calling its Support Desk at 800-518-GRANTS, or by sending an email to [support@grants.gov](mailto:support@grants.gov). The Grants.gov help desk is open 7 days a week, 24 hours a day, except federal holidays. Prior to the application deadline, staff at the numbers given above will be available to provide general guidance, but not guidance in actually preparing the application. Persons with hearing or speech impairments may access these numbers via TTY (text telephone) by calling the Federal Information Relay Service at 800-877-8339. (These are toll-free numbers).

For assistance with [Sam.gov](http://Sam.gov), applicants may contact the Federal Service Desk at 866-606-8220.

Questions regarding specific program requirements for HCV FSS should be directed to [HCVFSS@hud.gov](mailto:HCVFSS@hud.gov).

Any FAQs or further information will be available at <http://www.hud.gov/offices/adm/grants/fundsavail.cfm>, or on the NOFA-specific page that may be accessed from that page. Following selection, but prior to award, HUD staff will be available to assist in clarifying or confirming information that is a prerequisite to the offer of an award by HUD.

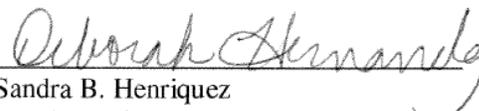

**B. Satellite Broadcast.** HUD may hold an information broadcast via satellite for potential applicants to learn more about the HCV FSS program and preparation of an application. For more information about the date and time of this broadcast, you should consult the NOFA-specific Funds Available page linked to from <http://www.hud.gov/offices/adm/grants/fundsavail.cfm>. Applicants may also check HUD's webcast page at <http://portal.hud.gov/hudportal/HUD?src=/press/multimedia/videos>.

## VIII. OTHER INFORMATION

**A. Paperwork Reduction Act.** The information collection requirements contained in this document have been approved by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520) and assigned OMB control number 2577-0178. In accordance with the Paperwork Reduction Act, HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a currently valid OMB control number. Public reporting burden for the collection of information is estimated to average one hour per annum per respondent for the application and grant administration. This includes the time for collecting, reviewing, and reporting the data for the application and other required reporting. The information will be used for grantee selection and monitoring the administration of funds. Response to this request for information is required in order to receive the benefits to be derived.

**B. Public Access, Documentation, and Disclosure.** See Section VIII. D of the **General Section**.

Date: 8/30/13

for   
Sandra B. Henriquez  
Assistant Secretary for Public and Indian  
Housing
