Personnel Changes in the Office of Manufactured Housing

In the last edition of THE FACTs, we said goodbye to some members of the Manufactured Housing Consensus Committee (MHCC) and welcomed several new members. In this edition, we are again saying goodbye, but this time to two dedicated HUD managers who have devoted part of their careers to serving HUD's Manufactured Housing Programs.

Teresa Payne, the Associate Deputy Assistant Secretary (ADAS) for Regulatory Affairs will be leaving the agency on July 31 to join the new Consumer Financial Protection Bureau (CFPB). She has been the ADAS for over a year and worked tirelessly on the Manufactured Housing Program, as well as on HUD's administration of the Real Estate Settlement Procedures Act (RESPA), Interstate Land Sales (ILS) and the Safe Act. Teresa's career at HUD has spanned nearly 15 years, during which time she served the Department and the public in various roles. She will be missed and we wish her the best in her new endeavors.

Elizabeth Cocke, the Deputy Administrator of the Office of Manufactured Housing Programs since 2001 and the former Director of the Manufactured Housing Program from August 2000 thru 2001 will be leaving the Office of Housing in mid-July. She has devoted over ten years to serving HUD's Manufactured Housing Program and its constituents - her knowledge and experience will be missed. Liz will be staying at HUD, but will be moving to the Affordable Housing and Technology Research Division in the Office of Policy Development and Research (PD&R). We all wish her the best in her new role.
