Transmittal Handbook No: 8004.1

Issued: December, 1989

1. This Transmits Handbook 8004.1, Consolidated Civil Rights Monitoring Requirements, Public Housing Agency, Section 8 Existing and Lower Income Public Housing Programs, dated 12/89.
2. Explanation of Material Transmitted: This Handbook consolidates HUD policy and procedures for monitoring the civil rights-related program requirements (CRRPR) of the Section 8 Certificate, Moderate Rehabilitation, Housing Voucher and Lower-Income Public Housing Programs.

This Handbook includes a systematic approach to assist FHEO Program Operations and Field Office Division Directors primarily by providing a section-by-section outline of the monitoring requirements in several different areas of review.

With very few exceptions, all such requirements have been extracted from current statutes, HUD regulations, Handbooks or other administrative directives that contain current Departmental civil rights related policy and procedures. PHAs should contact the local FHEO Office on any matters not discussed in this Handbook.

3. Filing Instructions: Insert Handbook 8004.1, dated 12/89.
