

Multifamily Property Selection

Viewing Survey Results for a Multifamily Property

Description: A Multifamily property owner/agent can review RASS Multifamily Score information for each of their properties, both by survey section and by individual question. Within the “**Initial Selection – Property Selection**” screen there is a link entitled Property Name, which allows the owner/agent to view survey results for that particular property.

Notes:
Most questions are scored on a 0%-100% scale, where a response of "very satisfied" or the equivalent is scored 100% and a response of "very dissatisfied" or the equivalent is scored 0%. A score in excess of 100% is possible on some questions and indicates performance in excess of relevant expectations (for example, in maintenance response times). Individual respondent section scores are limited to 100%.
