Dear resident:

Please fill in the survey for your apartment and the project in general. Your input into this process is the only way to be sure that your needs are taken into account. The Comprehensive Needs Assessment process is a special inspection to help determine the upkeep plan of the building for the next 20 years.

The U.S. Department of Housing and Urban Development appreciates your help in gathering this information. Please note, though, that there are no promises about what repairs will be made to your project or to your apartment, or when they will be made. Not all projects can be repaired at the same time, so some projects will have repairs made before others can be helped.
