#### **eLOCCS/LOCCS web - Contract Dates**

The following contract dates apply to formula grants and RHF grants where PHA is not accumulating and /or does not have a RHF Plan:

Obligation Start – 6/13/2008  
 Obligation End – 6/12/2010  
 Expenditure End – 6/12/2012

#### **Accumulating RHF Grants**

The obligation start date for all the RHF grants being accumulated will be established based on the number of years of accumulation and will likely be delayed, that is the obligation start date will not be the same as the obligation start date for formula grants awarded in the same fiscal year.
