

Before installing this new version of RAPID (DCD 4.0) users MUST complete the below steps:

1. Please make sure you complete all the inspections that are in progress status and upload them into the REAC system.

Before installing this version of RAPID (DCD 4.0) users MUST backup current RAPID client and inspection data by following these steps:

1. Open Windows Explorer and Go to the following folder on your C drive: **C:\Program Files**

2. Select the 'PASS' folder

In case of RAPID installed on some other location, please go to that location and select the PASS folder.

3. Right click the 'PASS' folder and select 'RENAME' option.

4. Rename the 'PASS' folder to something else and make sense (e.g. PASS_OLD)

Now the old data will not be overwritten by the new installation.

5. Delete the RAPID Icon on your Desktop.
