- (1) PHAs will be funded based upon an estimate in January, February and March. Other than new projects (with tools submitted in accordance with the process for submitting new project tools), only projects in the inventory will receive funding based upon an estimate. The inventory is derived from PIC.
- (2) The above schedule represents outside dates for which HUD forms will be deployed. It provides PHAs three work weeks to make submittals from the date the HUD forms are made available to. The weeks of Christmas and New Years are not considered work weeks for the purpose of this schedule. If HUD deploys the tools sooner than anticipated the schedule will be accelerated, and the PHAs will be required to submit the HUD forms to the field offices sooner.
