Dear Curtis:

On behalf of the Manufactured Housing Consensus Committee (MHCC) and HUD, I am writing to thank you for your recent attendance at the March 2003 meeting. Your overview of the State Administrative Agency program activity is an important educational component for the MHCC. This information will return both short term and long-term benefits to everyone - the MHCC, HUD, the SAA's and most importantly, the consumer. The efforts of individuals like yourself insure that manufactured homes are not only properly constructed and sited in Virginia, but your views and perspectives help reach a broader audience throughout the US.

Thanks again for taking time out from your myriad other activities to share information with the MHCC. Your remarks are appreciated and important to all involved.

Sincerely,

Robert E. Solomon, P.E.
