

PIH.RHIIP.TA Message # 2011-24 Distributed on April 25, 2011

Due to duplicate records within the Public and Indian Housing Information Center (PIC), the regularly scheduled weekend summarization job to update the Office of Public and Indian Housing (PIH) Enterprise Income Verification (EIV) System **failed**. There is no impact on the Debts Owed to PHAs & Terminations Report since this report does not rely on the weekend summarization job. This report is updated daily.

The following report is **not** available:

1. Income Discrepancy Report

The following error message will be displayed: ***"No households which exceed the selected threshold"***

A screenshot of the Enterprise Income Verification system interface. The header is red with white text. The main content area is white with a red border on the left. The error message is displayed in bold black text. There is a note below the error message and a privacy notice at the bottom.

Verification Reports >> Income Discrepancy Report >> [Report Selection](#) >> HUD Headquarters Statistics

No households which exceed the selected threshold

Note: Income Discrepancy Report contains household discrepancies only for household members that successfully pass SSA Identity Verification test. These households may have potentially under-reported household incomes.

Confidential Privacy Act Data. Civil and Criminal penalties apply to misuse of this data.

The following reports **are available** with data as of April 9, 2011:

1. Household Income Reports
2. Deceased Tenants Report
3. Identity Verification
4. Immigration Report
5. Multiple subsidy Report
6. New Hires Report

These reports will be updated upon successful run of the next weekend summarization job scheduled for Saturday, May 7, 2011. However, we will attempt to complete an out-of-cycle summarization job after May 2, 2011, once the new release of EIV is successfully deployed.

We apologize for this inconvenience.
