## The Director's Corner

The FY2014 Consolidated Appropriations Act, "HUD Appropriations Act", was enacted January 17, 2014 (P.L. 113-76), and includes a number of PHA program funding opportunities. Visit HUD's Funds Available

webpage for FY 2014 Programs available at [http://portal.hud.gov/portal/page/portal/HUD/program\\_offices/administration/grants/fundsavail](http://portal.hud.gov/portal/page/portal/HUD/program_offices/administration/grants/fundsavail) and on the grants.gov website at <http://www.grants.gov/web/grant/home.html>

Be prepared for these and other opportunities for which your PHA may qualify. Applicants are urged to sign up for the Grants.Gov funding opportunity notification subscription service at [http://www.grants.gov/applicants/email\\_subscription.jsp](http://www.grants.gov/applicants/email_subscription.jsp) to receive notice of publication of program NOFAs.

On behalf of the Public Housing team members in the Seattle, Portland and Anchorage offices, we hope this newsletter is helpful to you. Let us know if there are items you would like to see in future newsletters.

## Capital Fund New Rule Summary by Ryan Mielcarek

**It has been a long time coming but the Capital Fund Program Final Rule was published on October 24, 2013. What follows is a summary of the Capital Fund Final Rule sent to PHAs on November 20, 2013. PHAs should contact their Facilities Management Specialist with questions on the new rule and can email HUD directly with questions to CFRule@hud.gov.**

The Public Housing Capital Fund Program Final Rule was published in the *Federal Register* October 24, 2013 (Docket No. 5236-F-02), and became effective on November 25, 2013. This new regulation combines the Capital Fund requirements for modernization and development into a single regulation. It also updates and streamlines many of the Capital Fund and development requirements, incorporates recent energy requirements, and directs more funding towards rehabilitation. This rule along with a new Capital Fund guidebook, which is under development and expected to be available in the Spring, will ensure that the Capital Fund Program is more efficiently and uniformly implemented by PHAs and managed more effectively by the HUD Field Offices.

This final rule implements section 9 of the United States Housing Act of 1937 (the 1937 Act), which created the Capital Fund program as part of the Quality Housing and Work Responsibility Act of 1998 (QHWRA) (Title V, Pub. L. 105-276, approved October 21, 1998). Prior to publication of this rule, PHAs were required to look at three different regulations and two different statutes to determine the program requirements. This final rule combines and streamlines the former legacy public housing capital programs, including the Comprehensive Grant Program (CGP), the Comprehensive Improvement Assistance Program (CIAP), and the Public Housing Development Program (PDEV) (which encompasses mixed-finance development), into the Capital

Fund Program. This regulation will provide PHAs with a clear description of eligible activities, the planning process, and the requirements for rehabilitation and development activities.

The following is a brief overview of some of the provisions in this regulation that will benefit PHAs:

1. Decouples Capital Fund forms from the larger PHA Plan Submission
  - Allows PHAs to submit Capital Fund requirements with the ACC Amendment
  - Eliminates requirements to submit a preliminary budget and a final budget to HUD for Review
  - Requires PHAs to only hold 1 public hearing
2. Provides a more flexible funding program for PHAs that demolish or dispose of units
  - Implements Demolition Disposition Transitional Funding (DDTF) , which can be used more flexibly, allowing PHAs to use the funding for any eligible Capital Fund activities, including rehabilitation
  - Eliminates separate RHF grants with separate use and reporting requirements
  - Makes more funding available to PHAs that have not demolished or disposed of units by changing the funding cycle from 10 years to 5 years
  - Provides a smooth RHF transition period that allows PHAs to receive RHF incremental funding for units removed prior to the effective date and receive DDTF funding for units removed after the effective date
3. Targets more funds to maintain the physical inventory by reducing Management Improvements from 20% to 10%
  - Phases down the Management Improvement cost limits over a 5 year period
  - Clarifies eligible and ineligible uses for Management Improvements
4. Streamlines mixed finance requirements
  - Requires submission of evidentiary documents for mixed finance projects at HUD's discretion
  - Eliminates the requirement for a separate waiver to use an identity-of-interest general contractor as part of the development process
5. Allows deviations from public housing requirements for mixed Finance projects
  - Implements Section 35(h) of the 1937 Act
  - Creates an Alternative Management Plan for circumstances where the PHA and Owner Entity determine the need to deviate from the public housing requirements
6. Provides a TDC limit exception for energy conservation and efficiency
  - Allows PHAs to request a total development cost exception for integrated utility management, capital planning, and other capital and management activities that promote energy conservation and efficiency
7. Implements Energy Star requirements
  - Clarifies that Energy Star appliances are eligible Capital Fund costs
8. Standardizes the Energy Code
  - Implements the 2009 International Energy Conservation Code (IECC), or ASHRAE standard 90.1-2010 for multifamily high-rises (four stories or higher, which is consistent with the standard used in over 40 states throughout the United States)

The Department has posted the final rule and additional information on the rule to the Capital Fund Program website. Webcasts, which will also be available on the website, are being conducted to give further guidance on the final rule

Because this streamlines programs, 24 CFR Part 941 and 24 CFR Part 968 are eliminated with the implementation of this rule

HUD conducted a webinar discussing the new rule which was posted to You Tube on November 14, 2013:

**New Office of Capital Improvement Learning Tools Website (CFP Rule, GPNA, Procurement)**

The Office of Capital Improvements has developed a very useful Learning Tools Website to serve as a one-stop shop for videos, forms, and instructional handouts in the areas of:

- \* Capital Fund Final Rule
- \* Green Physical Needs Assessment
- \* Procurement

The site will be updated and improved over time to assist PHA staff working with these programs. Check it out! We love it and think you will too.

**Office of Capital Improvements Website.** The recent Capital Fund Webcasts (Part I and Part II) are now available for viewing using a playlist organized by section of the Capital Fund Final rule. This allows HUD Field staff and PHAs to select a section of the rule to view rather than view a lengthy presentation for several hours. OPHI will send an email to PHAs alerting them to the Youtube playlist this week.

## **Trouble with HUD data systems by Rebecca Tuttle**

If you experience problems accessing or printing from EIV, PIC, SEMAP, etc., please make sure you are using Internet Explorer 8. EIV, PIC and SEMAP does not work well with new versions of Internet Explorer or Chrome.

Also please remember that All EIV users must be certified semi-annually. The certification period for EIV is April 1st – April 29th and October 1st – October 30th.

## **Confused about Income from Tribal Settlements? PIH Notice 2013-30 is worth reading by Cabrini Morris**

I want to draw your attention to PIH Notice 2013-30. This Notice clarifies when a PHA can count tribal trust income and what the exceptions are. It references several of the major settlements and also references IRS Notice 2013-1, which has helpful information when you are trying to figure out how trust income should be counted. This is a topic our office has received several questions on previously, and this Notice is a great resource.

You can read PIH Notice 2013-30 at:

<http://portal.hud.gov/huddoc/pih2013-30.pdf>

You can read the IRS Notice 2013-1 at:

## **EIV Tip: Reinstating Deleted Records in the Debts Owed Module by Raymond Phung**

EIV users who are responsible for entering information into the Debts Owed / Terminations Module may have received the following error message:

**You are not authorized to enter/update information for the SSN entered.**

This error could be a result of a change in the Debts Owed Module that became effective with the EIV 9.5 release, which occurred on May 6, 2013. With this release, HUD automatically deletes 50058 records in the Debts Owed/Termination module if the EOP dates are more than 60 days old and if no debt or termination information is recorded. If a PHA user attempts to enter debts owed information into the module and the 50058 has been automatically deleted, EIV will return the error message listed above.

When this error occurs, users should first check the SSN to ensure it is correct; then check the EOP date to see if the date is older than 60 days. Records that have been automatically deleted can be reinstated. To reinstate a record that was deleted, PHA's must send a request to the local field office that includes the last name of the head of household, the last four digits of the HOH's SSN, and the EOP date. The Field Office will review the request and submit the names to the EIV System Administrator.

**NOTE: Do not send full SSN's electronically.** This is a violation of the Privacy Act. If you do send Personal Identifiable Information (PII) electronically, be sure to encrypt the file beforehand.

In order to avoid automatic deletion and the reinstatement process, PHA's should ensure that any debts owed and termination information is entered into the EIV system in a timely manner. It is recommended that PHA's adopt an internal policy to collect and enter this information immediately after the End of Participation 50058 is submitted to PIC.

For more information, please see the TIPS 2013-3 document located at:

## **E-Data Storage from the Archives**

Recently, some PHAs have inquired whether documents may be scanned into an electronic filing system in lieu of warehousing paper documents. After consultation with the program office at Headquarters and the Office of General Counsel, HUD has concluded that electronic filing systems are permitted under current regulations.

HUD's main concerns are with auditability. One concern raised by the Office of Inspector General is the use of original signatures in prosecuting criminal cases. Only tested cases will provide an answer to that. As for program requirements, the following analysis is offered:

The ACC for the Rental Certificate and Rental Vouchers Program contains record keeping requirements (Section 14 of the Form HUD-52520). The relevant section reads: "The [Housing Authority] must maintain complete and accurate books of account and records for a program. The books and records must be in accordance with HUD requirements, and must permit a speedy and effective audit." The ACC for the administration of public housing contains identical language (Section 15 of Form HUD-53012A). Neither version of the ACC defines "records" or provides specific guidance.

HUD regulations provide limited guidance to PHAs on electronic recordkeeping. Specifically, HUD regulations require that PHAs operating public housing or section 8 to electronically submit certain family data to HUD for those programs. See 24 C.F.R. § 908.101. In addition (and in keeping with the requirement for electronic transmission to HUD), with respect to the Housing Choice Voucher program (HCV), the record keeping requirement states, among other things, that "the records must be in the form required by HUD, including requirements governing computerized or electronic forms of record keeping." 24 C.F.R. 982.158 (a). Other than the regulations mentioned above, there does not appear to be a specific requirement under the HCV program that records be maintained in a particular form (paper versus electronic).

More broadly, 24 C.F.R. 85.42 also discusses record keeping requirements, such as what records are applicable, the starting date of the records retention and length of the retention period. This record keeping regulation applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or sub-grantees, which are:

- Required to be maintained by the terms of this part, program regulations or the grant agreement, or
- Otherwise reasonably considered as pertaining to the program regulation or the grant agreement. 24 C.F.R. 85.42(a)(1)

Further, the regulations provide that "copies made by microfilming, photocopying or similar methods may be substituted for the original records." 24 C.F.R. 85.42(d).

In conclusion, based upon a review of the ACCs and HUD regulations, we are of the opinion that neither the ACC nor HUD regulations preclude housing authorities from maintaining their records in electronic form. Electronic documentation is the wave of the future, and for several housing authorities, that wave is already here!

## **Change in reporting schedule for the Energy Performance Information Center (EPIC)** **by Ryan Mielcarek**

In order to provide PHAs with some administrative relief, starting October 1, 2013, PHAs are now only required to report on planned/completed Energy Efficiency Measures (EEMS) in the Energy and Performance Information Center (EPIC) system ANNUALLY. Under the revised system, PHAs will report at the end of their fiscal year rather than each quarter, as follows:

Calendar Year Quarter	Federal Fiscal Year	PHAs Required to Report	Reporting Period
1	2	Fiscal year ending March 31	April 1 - April 30
2	3	Fiscal year ending June 30	July 1 - July 31
3	4	Fiscal year ending September 30	October 1 - October 31
4	1	Fiscal year ending December 31	January 1 - January 31

\*Reminder: EPIC reports are cumulative. For example, if a PHA installs 10 Energy Star refrigerators in the first quarter in which it is reporting on a grant, it would report that in the Q1 report – if it then installs 5 more Energy Star refrigerators in the next quarter, it is to report 15 in the next quarter's report, not 5.

The information reported in EPIC is an important tool that arms HUD with needed data on use of Capital Funds when soliciting Congressional Appropriations for the CFP program as well as providing an assessment towards the energy conservation and carbon footprint goals of HUD and the White House.

## **Seattle Public Housing field office staff changes by Cabrini Morris**

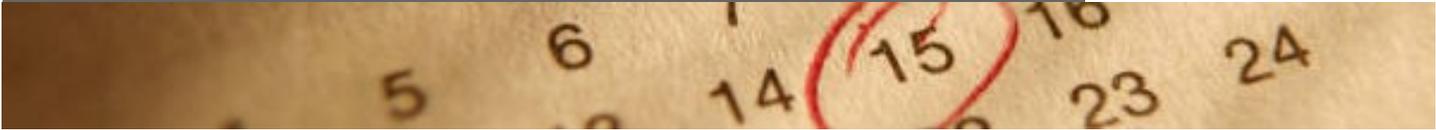

In the last few years we have had several people retire from the Seattle Public Housing office. Staff have taken on new responsibilities. Here is the breakdown of assignments:

- 03-11-2014** 2012 Capital Fund obligation deadline. PHAs must have 2012 CFP and RHF obligated at 90% before the deadline or the grant is at risk of recapture. Any funds in BLI 1406 (Operations) must be drawn down and expended in LOCCS in order to be considered obligated. It is highly recommended that your PHA continuously update the obligation/ expenditure data in LOCCS for this grant.
- Monthly CFP obligated-expended data is submitted through eLOCCS. CFP work completion activities where pre-audit is required, are reminded to submit Final P&E Reports with AMCC to Field Office.
- Monthly Send complete copy of renewal Mod Rehab program HAP contracts with owners to FMC representative. Please include Attachment A. Contracts needed to request renewal funds and to release payments.
- Monthly VMS data collection (HUD 52681B submitted electronically). Ensure data is submitted timely and accurately. Failure to report timely could result in loss of Administrative Fees. *Exact submission dates will be provided by the FMC.*
- Reminder Please continue to submit Year-End Settlement Statements (HUD-52681) for Section 8 Mod Rehab, SROs, and Mainstream (DV) vouchers ONLY. Submit to FMC (45 calendar days after FYE). Ninety days prior to FYB, submit complete budget (HUD-52673, 52672, 52663) for Mod Rehab, SRO, HOPE VI, Mainstream (DV code-5 year increments), to FMC representative.
