- (1) PHAs will be funded based upon an estimate in January, February and March. Other than new projects (with tools submitted in accordance with the process for submitting new project tools), only projects in the inventory will receive funding based upon an estimate. The inventory is derived from PIC.
- (2) HUD will be able to deploy the Op Sub tools sooner than the outside dates posted in the initial schedule (by December 3rd as indicated above). Therefore, as noted in the initial schedule, the timeline has been moved up to reflect the earlier deployment date. The schedule still provides PHAs three work weeks for PHAs to make submittals from the date the HUD forms are made available to. The weeks of Christmas and New Years are not considered work weeks for the purpose of this schedule.
