Public Law 100-656 requires The United States Department of Housing and Urban Development (“the Department”) to publish an annual Forecast of Contracting Opportunities (“Procurement Forecast” or “Forecast”). The Law emphasizes advance acquisition planning, which provides all of our customers with a better understanding of our requirements.

It is Departmental policy that all legally qualified small businesses receive a just, fair, equitable and impartial share of the contracts awarded by the Department. The Forecast is one of several tools that will help the small business community effectively market their goods and services to the cognizant components within the Department. In so doing, it will help realize this goal of our procurement policy.

The Forecast includes projections of all anticipated contract actions above the simplified acquisition threshold. It is important to emphasize that the Department is not bound by any statements made in the Forecast. The Forecast is for informational and marketing purposes only. It does not constitute a specific offer of commitment by the Department to fund, in whole or in part, the opportunities referenced therein. Any listing in the Forecast is not all-inclusive and as additional information is obtained, it will be posted, if required. Please see the Disclaimer below for further information on the nature of the Forecast, including its limitations. Generally, for more information on HUD open market procurement opportunities above \$25,000 check www.FedBizOpps.gov.

INTRODUCTION

HUD is the principal federal agency responsible for the improvement and development of America's housing and communities. HUD's programs include: mortgage insurance to help individuals and families become homeowners; rental subsidies to enable low-income families to find affordable housing; development, rehabilitation and modernization of the nation's Public and Indian Housing stock; development of HUD-insured multifamily housing; enforcement of Federal Fair Housing laws; and the development, improvement and revitalization of American's urban centers and neighborhoods.

Independent contractors of different business sizes assist the Department in carrying out its various programs and internal operations in the Washington, DC headquarters office and field offices. SECTION II: HOW TO MARKET TO HUD

- **Know your market niche.** Focus on products and services that reflect your niche. Concentrate on what you do best.
- **Provide high quality products and/or services.** HUD is looking for established companies with a proven track record of success in providing the types of products and services we need. Be able to demonstrate that you can do the job in a timely, professional and cost-effective manner.
- **Read the Federal Acquisition Regulations (FAR).** The FAR is the primary regulation that all federal government agencies follow when they purchase products and services. Read the Housing and Urban Development Acquisition Regulation (HUDAR), which is HUD's supplement to the FAR that contains HUD policies and procedures.
- **Register your company in the System for Award Management (SAM)** database located at www.sam.gov. All current and potential government vendors are required to register in this database in order to be eligible for contract awards and payments. HUD contracting officers and program office staff conduct market research and verify a company's SBA certifications through this database.
- **Apply to get on a General Services Administration (GSA) Schedule** through GSA's Schedules Program, which is used by federal agencies to procure products and services. These schedules are a popular procurement method in federal contracting. For more information, go to www.gsa.gov.
- **Research eligibility for Small Business Administration (SBA) certifications.** The SBA offers the following certifications: SBA Certified 8(a) Program Participant and SBA Certified HUBZone Firm. Apply for certifications if you are eligible. Once certified, your company becomes eligible for restricted competition contracts, non-competitive contracts and/or price preferences. For more information go to www.sba.gov.
- **Prepare a one-page capability statement** that identifies your company's certifications, overview and experience as it relates to a specific or general opportunity being sought. Use the one-page statement as a way to introduce your company to HUD. E-mail it to the Forecast point of contact when inquiring about a contracting opportunity in the Forecast and request an appointment. A sample is located at www.hud.gov/offices/osdbu/marketing.cfm.
- **Prepare a comprehensive capability statement** that provides a complete overview of your company. Present this statement at marketing visits with HUD program office and OSDBU staff. A sample is located at www.hud.gov/offices/osdbu/marketing.cfm.
- **Conduct research.** Visit www.hud.gov to research HUD and visit www.hud.gov/funds/index.cfm to research the program offices in which you have an interest to understand the Department's and program office's mission, objectives and procurement needs. Also visit **the Office of Small and Disadvantaged Business Utilization (OSDBU) website** at www.hud.gov/smallbusiness and review marketing publications. You will also find information on how to contact the OSDBU staff, outreach events and small business policies.

SECTION II: HOW TO MARKET TO HUD

- **Find prime contracting opportunities** at www.FedBizOpps.gov, which is the on-line site where federal government agencies post procurement opportunities over \$25,000. Also, visit HUD's Contracting homepage, www.hud.gov/offices/cpo/index.cfm, which lists all competitive procurements (excluding GSA Schedule buys) expected to exceed \$25,000, for which HUD is currently soliciting bids or proposals. Review the Forecast of Contracting Opportunities (Forecast) located at www.hud.gov/offices/osdbu/4cast.cfm to learn about proposed contracting opportunities; use the information to market your firm to HUD. **Find subcontracting opportunities** on HUD's Contracting homepage, which lists HUD's prime contractors that may have subcontracting opportunities. Also, visit the SBA's SUB-Net at <http://web.sba.gov/subnet> for government-wide listings of subcontracting opportunities.
- **Arrange appointments** with the program office staff to discuss contracting opportunities for which you are qualified. Use your limited time with them to present your multi-page capability statement, certifications and GSA schedules. Elaborate on previous related experience, especially federal government experience.
- **Participate in HUD small business events.** HUD sponsors several small business fairs during the year where you can market your firm to program office staff and HUD's prime contractors. These events also provide the opportunity to network with other businesses for potential teaming and subcontracting arrangements. HUD also participates in procurement conferences, expos and networking events across the country. For more information, go to www.hud.gov/smallbusiness and click on the Outreach Events link.

SECTION III: FORECAST OVERVIEW

The Forecast includes proposed contracting opportunities from both HUD Headquarters and field offices. The Forecast is updated on a monthly basis. All HUD competitive procurements (excluding GSA Schedule buys) expected to exceed \$25,000, for which HUD is currently soliciting bids or proposals, are listed on the Office of the Chief Procurement Officer's home page at: <http://www.hud.gov/offices/cpo/index.cfm>. Also, HUD and other federal agencies list contracting opportunities on the Federal Business Opportunities (FedBizOpps) website at <http://www.fedbizopps.gov/>. Vendors may subscribe to this website, free of charge, to receive notifications of daily contracting postings from federal agencies.

HUD contracting opportunities are procured by the following four principal contracting offices: (1) Office of the Chief Procurement Officer (OCPO) at HUD Headquarters in Washington, DC; and the three field contracting operations (FCO) offices located in (2) Philadelphia, PA; (3) Atlanta, GA; and (4) Denver, CO. The OCPO in Washington, DC contracts for services (e.g., technical assistance, research and other professional/technical services) and supplies to support HUD program offices and the mission and operations of the Department in general (e.g., information technology, building maintenance, business process re-engineering). The FCO offices contract primarily for services to support the field program operations of the Department's Office of Housing and its four Homeownership Centers (Philadelphia, Atlanta, Denver, and Santa Ana). Each FCO office has branches, some of which are located in other cities within their jurisdictions. Contracting opportunities for the Department vary by location and by year based on program needs. The absence of a specific contracting need for a particular area in this forecast does not mean that the need will not arise later in the year or in future years.

The Forecast includes various services and acquisition strategies such as simplified acquisitions (contracts valued between \$25,000 and \$150,000), full and open competitions (contracts valued over \$150,000) and limited competitions against the General Services Administration Federal Supply Schedules in various forms of acquisitions strategies ranging from "open to all business sizes" to "all sources other than large." The Department also encourages 8(a) firms that have dual status (i.e. an 8(a) firm certified as a HUBZone and/or is a woman-owned or veteran-owned firm) to compete for HUD contracting opportunities.

SECTION IV: DESCRIPTION OF FORECAST CATEGORIES

The following provides a description of the categories listed in the Forecast:

Plan Number: This category provides the tracking number of the planned contract. Vendors should reference the plan number when requesting information on a planned contract.

Requirement Type: This category identifies whether the procurement is a new requirement or recompetete.

Contract Name (Description): A brief narrative of the purpose and need for the service or product; and in some instances, the responsibilities expected of the selected contractor.

Type of Competition: The type of competition (e.g. small business set-aside, 8(a) sole source, full and open) is provided for each planned contract to allow for easier marketing for both business and program management. For example, “Full and Open” means that all businesses, regardless of size, are offered the opportunity to submit a proposal or bid.

Total Contract Value Dollar Range: Each planned contract lists an estimated budget that has been determined sufficient to perform the service.

Point of Contact: Businesses that are interested in a planned contract should contact the listed point of contact via e-mail or telephone and request a meeting to market their firm’s capabilities for a particular requirement.

Fiscal Year Quarter: This is the quarter of the federal fiscal year (October 1 through September 30) in which the procurement process is scheduled to begin for each planned contract. For example, a planned contract showing the “3rd” quarter, the procurement process will begin during the April 1 through June 30, 2014 timeframe.

Contract Length: List the potential maximum length of contract. (e.g. 6 months, 1 year, 1 year with 2 option years, etc.)

SECTION V: GLOSSARY OF TERMS & ACRONYMS

Forecast “Status” Terminology

New: After Version 1, “new” indicates additional planned contracts listed in the current Forecast.

Action Closed-Pending Award: The planned contract is no longer available for marketing by classified firms. Although, the status of the planned contract may be identified as “action closed-pending award,” there may be subcontracting opportunities available. Businesses are encouraged to notify either the program office contact person or the Contracting Officer during the marketing stages or early in the procurement process (before submission of request for quote or request for proposal) that they are interested in subcontracting opportunities for a specific requirement.
